### School Description

Located in Campbell Union School District, Campbell School of Innovation (CSI) is a new TK-8th grade public school option that opened in August 2018 for grades TK through 4th. The school's focus is to change the landscape of learning by using Design Thinking and creating a campus that is student-centered and fosters collaboration, exploration and discovery. Nearly 300 CSI students engage with Design Thinking principles every day, across the curriculum. Furnishings are bright and learning spaces are open with flexible seating and common spaces for hands-on, project-based learning. The newly built campus will grow to serve students from preschool through 8th grade over several years.

**MISSION:** We are a community that seeks to understand, learns through design, and leads with innovation to create a better world.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

### Quality and Currency of Textbooks and Other Instructional Materials

District Curriculum committees select the majority of textbooks and other instructional materials with representatives from every school and grade level. Purchase of textbooks follows the State adoption cycle. All textbooks series are recommended by the State and are purchased with State Instructional Materials money. Every student has a current textbook in the basic subject areas and every classroom has calculators, dictionaries, maps/globes, and math manipulatives.

Note: The schedule for piloting science and social studies curriculum will be determined in the 2018-19 school year. Assembly Bill X4 2 (Chapter 2, Statutes of 2009-10 Fourth Extraordinary Session) signed on July 28, 2009, suspended the process and procedures for adopting instructional materials, including framework revisions, until the 2013-14 school year. Senate Bill 70 (Chapter 7 of the Statutes of 2011) extended that suspension until the 2015-16 school year. For more information go to the California Department of Education website at <http://www.cde.ca.gov/ci/>

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Campbell School of Innovation opened in August 2018 on the campus that once housed Campbell Middle School. It features newly constructed classrooms and outdoor areas for grades TK-4, and is undergoing additional renovations for the next few years as the school grows to accommodate preschool through eighth grade students.

**Cleaning Process:**

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. Administrators work daily with the school's custodial staff to develop cleaning schedules that ensure a clean, safe, and functional learning environment.

**Maintenance & Repair:**

A preventative maintenance program is administered by the Facility Maintenance Department staff, with heavy maintenance functions occurring during vacation periods. Additionally, Campbell Union School District administers a scheduled landscape and building maintenance program to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018-19)

Campbell School of Innovation invites parents to be active partners in their child's education. Whether serving on a school committee, volunteering at recess or in the classroom, or participating in school and community activities, children learn that education is important when their family members make their involvement a priority.

In Campbell Union School District, we know that everyone benefits when the community is actively engaged in the success of its students, and we provide many opportunities for parents and community members to be involved at the district level.

We welcome public participation in Governing Board meetings and advisory committee meetings. Members of public bring the voice of the community to management through participation in such committees, such as the English Language Advisory Committee, Bond Oversight Committee, Wellness Committee, and others. We conduct several district-wide meetings each year to elicit parent and community input as we develop our annual Local Control and Accountability Plan (LCAP), and we collaborate with local community based groups to enhance services and supports to our students and their families.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Our safety plan was updated and reviewed with staff in October 2018. It will go to the School Site Council for approval on January 17, 2019.

Safety of students and staff is a primary concern at the school. Teachers, administrators, yard duty, and parent volunteers supervise students throughout the day. The school is gated and there is a designated area for student drop-off and pick-up. Visitors and volunteers must register at the school office prior to entering the campus grounds. School emergency procedures are aligned with district and county emergency response systems. Fire, earthquake, lock-down, shelter-in-place, and other emergency drills are conducted monthly. These drills are planned and conducted with and without advance notice to assure staff and students are prepared in the event of a real emergency. The school's Comprehensive Safety Plan is evaluated and amended annually by the School Site Council or Safety Planning Committee. This is to assure it is in alignment with California Education Code, Campbell Union School District Board Policy and procedures, and is properly implemented. Key elements of the plan include:

- Emergency Response Plan and Procedures Reporting Suspected Child Abuse
- School Dress Code
- Sexual Harassment Policies
- School Rules and Expectations including Suspension & Expulsion Policies Strategies for Providing a Safe and Positive School Climate
- Safe Entry & Release of Students from School
- Discrimination and Harassment Policies
- Hate Crime Procedures
- Procedures for Notifying Teachers of Troubled Students

## Professional Development provided for Teachers

Professional Development provided for Teachers Campbell Union School District's work year calendar allocated, three full-day Professional Development days in 2015-16, two for the 2016-17 school year, and two in 2017-18. The District provides professional development for all credentialed and non-credentialed staff.

### PRIMARY AREAS OF FOCUS FOR STAFF DEVELOPMENT:

The primary areas of focus for our staff development in all CUSD schools is training to support our goals as outlined in our Local Control and Accountability Plan (LCAP):

1. Provide high quality teaching and learning that promotes opportunity for applying knowledge.
2. Ensure that students are college and future ready by equipping them with the competencies identified in a Profile of a (CUSD) graduate (Self-directed, Innovative, Critical thinker, Collaborative, and Empathetic). Close all identified achievement gaps
3. Provide appropriate tiered supports and sustain positive social/emotional development for all students.
4. Fully engage parents/guardians, students, and the community in support of student educational outcomes.

Carefully examining student data takes place at regularly scheduled collaboration meetings where teachers discuss specific learning needs and develop intervention plans for targeted students. The professional development offered supports teachers in learning best practices for meeting the needs of all learners through a variety of assessments aligned to the teacher identified essential common core standards. Professional Development is also offered in the area of STEAM and 21st Century Learning strategies. Teachers collaborate in professional learning communities to examine data and learn from one another in job-embedded professional development.

**METHODS OF PD:** We use many different models for delivery of professional development. Our teachers are given release days to attend sessions or conferences. Sometimes teachers are paid a stipend to do professional development on a weekend or during the summer. We offer after school sessions throughout the entire school year, and we take into consideration staff requests for both content and timing of the professional development. We also provide district-wide professional development in after school sessions at which teachers are trained on the elements of quality first instruction identified by Instructional Leadership Teams during the 2016-2017 school year. Teachers can also participate in online learning by using our School of Rock learning platform that provides professional development aligned to our LCAP goals in a game based setting that allows teachers to learn at their own pace and select topics of interest to them.

**HOW TEACHERS ARE SUPPORTED:** We have extensive coaching opportunities in our district, both through our site Equity TOSAs (teachers on special assignment) and through our district TOSAs. Collaboration time is also planned at each school site so that teachers and administrators can do the work of a professional learning community. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.

### Types of Services Funded

District funding through the Local Control Funding Formula(LCFF) includes a Base Grant, a Supplemental allocation, and a Concentration allocation. The Base Grant funds the services that we provide to all students, such as regular classroom teachers, custodians, office staffs, electricity and most of the basic operational cost. The Supplemental and Concentration allocations support targeted services to students who are designated as Low Income, English Learners, Special Education, and/or Foster Youth. State and federal funding also supports the following special programs. • Title I, Part A Basic Grant • Title II, Part A Improving Teacher Quality • Title III, Part A Limited English Proficiency (LEP) • State Preschool • State Child Care • Federal Free/Reduced meals

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
