2Teach will provide training in inclusive practices; specifically co-teaching, to a cohort of middle school English, math and special education teachers so that SRCS can begin co-teaching implementation at the 7th grade level in the school year 2019-2020.		This contract was approved on Dec. 12, 2018 for 17234.50. The training and trainer were highly regarded by those who attended the initial training on March 6 and 7, 2019. More teachers have expressed interest in the co-teaching model; therefore, we would like to add a day to this contract to support these teachers. The cost of the one day training includes books for teachers who participated in the first round of training as we underordered.	Success will be defined as positive social outcomes, increased student engagement, improved social skills and self-concept through the reduction of pull-out situations and improved academic performance.
