Teaching & Learning	\$9,600.00	May 1, 2019-June 30, 2020	5800	LCAP	
Description of Services		Consideration	Evaluation and Metrics		
La Plaza Project: On The Verge – the flagship program of On The Move – supports emerging leaders in building knowledge, clarity, and strength at the personal, interpersonal and professional levels. Since 2003 On The Verge has mobilized over 425 emerging leaders to build and sustain a culture of effective action while enhancing California's nonprofit and public sector. Offered through year-long cohort programs, each leader, or "Verger," works collaboratively to develop projects in response to identified community needs. Through meaningful and challenging shared work, Vergers form lifelong connections with peers that sustain their commitment to remain in leadership within the nonprofit and public sectors. On The Verge currently operates in ten communities throughout California.		This partnership will create a space for families, students, teachers and the community to come together and focus on building up the community of Lincoln and the surrounding areas to bring back students into Abraham Lincoln.	Pre and Post data will be taken and an increase in family and community engagement will grow by 35% the first year of implementation.

Department	Cost	Length of Contract	Object Code	Funding Source	
Teaching & Learning	\$31,200.00	May 1, 2019-June 30, 2020	5800	Charter	
Description of Services		Consideration	Evaluation and Metrics		
On the Move will provide facilitated opportunities over the next 18 months to provide a cohesive and comprehensive plan regarding the merging of Cesar Chavez Language Academy and Lawrence Cook Middle School.		This partnership over the next 18 months will provide professional development to the merger teams at CCLA and Cook. They will meet every three weeks, have summer meetings and resume the three week schedule in the Fall. This partnership will facilitate all aspects of the two schools merging for the 2020-2021 school year.	Pre and Post data will be taken regarding the effectiveness of the facilitation and 100 percent of the merger committee will participate in the professional development.

Department	Cost	Length of Contract	Object Code	Funding Source	
Teaching & Learning	\$45,000.00	April 2019-June 2019	5800	CTE	
Description of Services		Consideration		Evaluation and Metrics	
The particular focus for the committee is SRCS students at the margins, who learn in non-traditional ways. The goal is for the committee to offer creative approaches (including leveraging pre-existing Career Technical Education (CTE) resources and industry stakeholders in the Santa Rosa community for these students to be both college AND career ready.		This workshop is to engage a diverse group of 20-30 stakeholders (parents, teachers, counselors, site/district administration, and industry/post-secondary partners) in a 5-hour catalytic experience to support the development of the Specialist Certificate.		By July 2019 the specialist certificate will be 80% completed with full completion in fall 2019

Vendor		Service Provided to the following sites or individuals			
Illuminate Ed for the EduCLIMBER program		SRCS teachers, counselors, TOSAs, administrators, staff, district office administrators & School Board			
Department	Cost	Length of Contract	Object Code	Funding Source	
SAFS	\$14,923.36	2 months		School Climate Transformation Grant (BEST Plus)	
Description of Services		Consideration		Evaluation and Metrics	
eduCLIMBER is an add on to our existing student information system (SIS) called Illuminate Ed which allows districts to easily import and visualize a wide range of student data including academic, social emotional, behavior, attendance and interventions. Additionally, this product is helpful in tracking interventions, Student Study Team & 504 notes and plans. This will help with MTSS. District can create custom dashboards and identify ways to improve student achievement. This addresses and supports multiple actions of Goals 1 & 2 of the LCAP.		This addendum is for all schools to get add student tracking feature in Illuminate with eduCLIMBER. This will support our MTSS to enable employees on the tier 2 teams like counselors & administrators of MTSS to access reports. Districts can identify data thresholds for reports that are set up to be run at specific intervals to help catch student when low level, early interventions are needed to prevent over identifying of students for 504's & IEPs. This supports the significant disproportionality found in Special Education as well as in the Suspension Data.		The access to reports and the reduced time in person hours would be evident. The quick access to data from the supt, school board, cabinet, principals, counselors and teacher level will be vastly improved over what we can access now with existing & limiting reports in Illuminate Ed.

Business Services	\$31,950.00	April 1 - December 31, 2019	5800	Business Services							
Description of Services		Consideration		Evaluation and Metrics							
Description of services will include three (3) phases during the length of the contract. Phase 1: Needs and scope assessment, and LCAP data support. Phase 2: Implement high priority recommendations and prepare key processes for Fall Semester. Phase 3: Implementation and monitoring, identify quality improvement opportunities, and improve data products and support communication and translation of data to key stakeholders.		As the reliance on data for decision making, legally required reporting, and updates to staff, the Board, and our community has exponentially increased, it is necessary to review our process and procedures regarding data. The contract will provide opportunity for process improvement, implementation of data quality improvement measures, and review of data outputs for reporting and presentations.		In coordination with multiple departments, review and analyze completed process and product improvements.
