

Welcome to Campbell Union School District's

d.studio

April 25, 2019

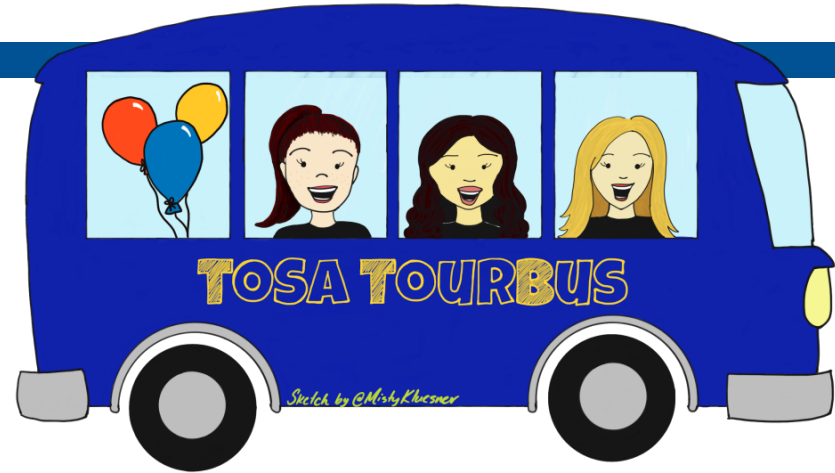

Instructional Services
Governing Board Presentation

Purpose and Mission

- Explore and scale impactful design solutions in district and community
- Provide a space to re-energize the mind, body, and spirit
- Build community partnerships
- Create an Innovation Council made up of district leaders, teachers, parents, and in future, some company representatives
- Build a culture of learning and innovation
- Collaboratively engage educators in design-based problem solving
- Develop parent partnerships and parent education opportunities

Leadership Teams on
Design Opportunities

Teacher Ownership

- Gathering more feedback around teacher needs will be a first step before end of year
- Teachers sharing their own expertise and leading some of the meet-ups and workshops
- Teachers using the space for their own planning - All TK came this year and built their Prof. Development
- Tapping into our Innovators and helping them become leaders

Space with a Dual Purpose
