

~~STUDENTS WITH~~ INFECTIOUS DISEASES

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

Students shall comply with universal precautions using personal protective equipment.

**Regulation CSBA
adopted: June 1988
revise: July 1999; July 2006**
