\*Rolling Hills(16/17,17/18,18/19), Monroe Middle (17/18, 18/19) attends in 2 groups. Each group attends for 4 days for each week.  
Village, Campbell Middle attends in 1 group for each school. Each group attends for 5 days for their week.

^\$ total contributed from the site for each student attending who could not pay amount either through fundraising or contributions.

Total Costs for each site/year includes charges for teachers attending.  
Teacher stipends/benefits average for each year - MMS = \$4,080, RHMS = \$4,320, Village = \$1,440 (these totals are not included in the table above)

Walden West Outdoor Science School reports that most districts send 5th grade

Our 6th grade teachers have also shared that the standards are more aligned to 5th grade NGSS standards, such as eco-systems and how energy flows through organisms.

Middle schools cannot have all 6th graders go the same week, they break it into two weeks.  
Elementary schools have the advantage of having years to do fundraising for this event compared to 6th grade having only a few months.
