### **EMC RESEARCH**

The total cost to conduct this research is dependent on several factors, including sample size, survey length, and languages offered. Assuming we will conduct one hybrid email-to-web/telephone survey of 400 likely voters, the cost for a survey averaging 15 minutes in length is \$27,400.

One half of the project fee would be billed upon contract approval, and the second half would be billed upon delivery of final survey results.
