

GRADUATION RISERS – ASSET DISPOSAL PROPOSAL

LOCATION: SAN MATEO PERFORMING ARTS CENTER

- PURCHASED IN 1964 AND HAS BEEN IN USE SINCE THEN
- SERIOUS SAFETY AND STRUCTURAL CONCERNS – NOT EARTHQUAKE SAFE, MISSING BOLTS FROM THE STRUCTURE, THE BOARDS ARE ROTTING, HAVE A BAD ODOR – NOT HEALTHY
- DURING 2019 PROMOTIONS, PAC MANAGEMENT OBSERVED THE BOARD BUCKLING UNDER THE WEIGHT OF THE STUDENTS SITTING ON IT
- NONE OF THE DISTRICT SCHOOLS USE THIS SETUP ANYMORE SINCE GRADUATIONS ARE NOW OUTDOORS
- MIDDLE SCHOOL CLASS SIZES HAVE EXCEEDED THE CAPACITY AND WOULD BE BETTER OFF WITH CHAIRS FLAT ON STAGE
- LABOR INTENSIVE AND MAKES THE PAC UNRENTABLE IN BETWEEN GRAD EVENTS
 - TAKES 8-12 HOURS FOR A FULL CREW TO ERECT
 - MINIMUM 8 HOURS OF TAKE DOWN
