L. SPECIAL REPORTS AND APPEARANCES

L.1. District 2019-2020 Goals

Minutes:
Superintendent Skelly reviewed the 2019-2020 District Goals with the Board of Trustees.

Trustee Hanley would like to see the Instructional Coaching Program as permanently part of the district. He stated it is time to conduct an audit/evaluation of the program and get an assessment of what works and where can we improve. He suggested maybe come up with a program that provides online training for the coaches to develop a core of Instructional Coaches. He would like some quantification on Goal 2 and have these goals follow from the goals from 17, 18 and 19 and also incorporate the LCAP goals around AP improvement. On goal 3.3 Increasing Family Engagement, he asked for more detail. The board was provided with a number of specific recommendations from the DELAC committee. He would like to see those recommendations as part of the district goals.

Clerk Griffin recommended changing Goal 1 to read "Provide a Consistent, Rigorous and Engaging Educational Experience for all Students."

President Land stated Goal 1 talks about access. The line refers to having quality teachers in the classroom but has the district given them the tools and resources they need? Goal 2-thinking outside the box. What can we do differently with dealing with the achievement gap? This needs to be data driven. He would like to see one of the key points in Goal 4 about transparency and open communication.

Trustee Dwyer stated on Goal 3.2 the disciplinary disposition. She would like to understand what is the direction the district is going? She would like to have a report on discipline, what is going on at each site with alternative means and how are they benefiting the students? Goal 4 she feels the district could do a better job with the communication. Reaching out to the newspapers and advertising the good things that are happening at the schools to the community.

Vice-President Friedman stated on Goal 1 the professional development for all staff members is important. All staff needs to have appropriate training and all students need to have appropriate training. Goal 3 he would like to see the wellness program made a permanent part of the budget and not dependent on one-time funding or grants.

In providing this direction the Board recognizes and acknowledges: The sale of the Crestmoor property will not happen quickly it is likely a multi-year process involving complex real estate, legal and communication issues and decisions. The Board during this sale process will receive periodic updates on the process providing the opportunity to provide input to those driving the process. Both legal and transparent process requirements will require the Board to evaluate and approve interim steps during the sales process.
