REFERENCE: IN-PLANT INSPECTION OF RELOCABLE BUILDINGS

Site: ALTERNATIVE EDUCATION HIGH SCHOOL

No. of Buildings: (2) STORY - 50 MODULES (2) STAIRS (2016 CODE)
AND (1) BRIDGE-WAY -
ALL EMBED FND. PLATES - WELDING INSPECTION
ID # 23625-23674.

To Whom It May Concern:

I am pleased to submit my proposal for in-plant welding and fabrication inspections at Enviroplex, Inc. I have been inspecting modular buildings produced by Enviroplex, Inc, since 1992 for various school districts in California. My inspection fee for the above named project is \$ 38,750.00. Since mill test reports are provided there is no fee for destructive testing of steel.

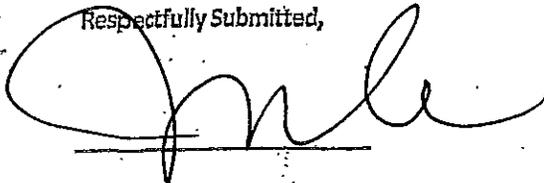

In accordance with the Division of the State Architect's (DSA) requirements, shop welding inspection will be performed per AWS Structural welding codes D1.1 Structural Welding Code; D1.3 Structural Welding code Sheet-Steel and QC1. Shop Fabrication inspection will be performed per Title 24 and all applicable codes.

Upon acceptance of this proposal, please have an authorized agent sign and return one (1) copy, along with a Purchase Order to my office. I have forwarded my Building Inspector Qualification Record forms directly to the office of _____ After completion, these forms need to be forwarded to DSA.

It is the responsibility of the owner and/or Architect to provide me with the approved plans and pertinent data required for each job.

If you have any questions, please do not hesitate to contact me. I look forward to hearing from you.

Respectfully Submitted,

Joseph R. Renda

Relocatable Building In-Plant Project Inspector
