3. May refer a matter to staff for information

On September 23, 2019 the District's demographers, National Demographics Corporation, presented information on the process and potential criteria for drawing the trustee-area boundary maps. Following the presentation, the Board held the first of two statutorily required hearings to receive input from the community on the trustee-area map creation process and sequence of elections, pursuant to Elections Code section 10010(a)(1). Rationale: The Campbell Union School District's Governing Board is currently elected under an "at-large" election system, where Board members are elected by voters of the entire District. Board members are elected in even-numbered years and serve staggered, four-year terms, such that the next election for two seats is scheduled for November 2020, with the remaining seats scheduled for election in November 2022. On September 19, 2019, the Board adopted resolution # 2019-20-10 declaring its intent to transition from at-large to by-trustee area Board elections, where each Board member must reside within the designated trustee area boundary, and is elected only by the voters in that trustee area. On September 23 and October 3, 2019, the Board considered information on the process and potential criteria for drawing the trustee-area boundary maps, and the Board held statutorily required hearings to receive input from the community on the trustee-area map creation process and sequence of elections, pursuant to Elections Code section 10010(a)(1). This resolution will establish criteria to guide the demographer and District staff in the development of draft trustee-area maps for Board and public consideration. ## 12. PUBLIC HEARING/ACTION ITEM (continued)

### 4. Public Hearing to Consider Seeking a Waiver from the State Board of Education

Rationale: During their regularly scheduled board meeting on October 3, 2019, the Governing Board will consider submitting a waiver request to the State Board of Education, relating to Education Code section 5020, which requires an election to approve a transition from an at-large method of election to a by-trustee area method of election. To avoid the costs associated with an election and to ensure timely implementation, the Board will consider seeking a waiver from the State Board of Education of this election requirement, as well as certain other Education Code sections related to the election requirement. If the waiver is granted by the State Board of Education, no election to approve the change to by-trustee area elections will take place, and the County Committee's decision on the District's proposal will be final. Pursuant to Education Code sections 5019 and 33050, the Board invites community input on the proposed waiver request. Any member of the public or representatives of the school district will be provided the opportunity to offer oral or written comments on the matter.

Minutes: Governing Board President, Michael Snyder, opened the public hearing at 8:46 p.m. in order to receive comments from the public on the proposed Waiver Request from the State Board of Education.

There being no comments, President Snyder declared the public hearing closed at 8:47 p.m.

### 5. Resolution 2019-20-13, Resolution Authorizing the Superintendent to Seek a Waiver from the State Board of Education.

Rationale: The Campbell Union School District's Board of Trustees is currently elected under an "at-large" election system, where trustees are elected by voters of the entire District. Trustees are elected in even-numbered years and serve staggered, four-year terms, such that the next election for two trustee seats is scheduled for November 2020, with the remaining trustee seats scheduled for election in November 2022. On September 19, 2019, the Board adopted Resolution 2019-20-10, declaring its intent to transition from at-large to by-trustee area Board elections, where each Board member must reside within the designated trustee area boundary, and is elected only by the voters in that trustee area. A school district seeking to transition to a by-trustee area election system must submit an application to the local County Committee on School District Reorganization ("County Committee") for approval. If the County Committee approves the school district's application, California Education Code section 5020 would require an election to approve the transition to by-trustee area elections. To avoid the costs associated with an election and to ensure timely implementation, the Board will consider seeking a waiver from the State Board of Education of this election requirement, as well as certain other Education Code sections related to the election requirement. If the waiver is granted by the State Board of Education, no election to approve the change to by-trustee area elections will take place, and the County Committee's decision on the District's proposal will be final. After considering this public input, the Board will consider adopting a resolution authorizing the Superintendent to seek a waiver from the State Board of Education of the aforementioned election requirement.

**Motion Passed:** Adopt Resolution 2019-20-13, Resolution Authorizing the Superintendent to Seek a Waiver from the State Board of Education.
