Performance Programs – (Without Adjudication)

Number of Performances

Each school is guaranteed ONE performance no matter of the number of ensembles. Additional performances are at the discretion of the cruise line, and will incur additional fees.

Performance schedules will be provided approximately 2 weeks prior to your sailing date. Your group must be prepared to enter the performance area at your specified time (not before). Please note, due to time and space restraints onboard the ship, there are no formal warm-up opportunities available. If needed, please ask your representative prior to the cruise to schedule a rehearsal time for your group.

The cruise line dictates the date and time of all performances. Cruise Festivals makes every effort to set the times for afternoons at sea. Rehearsals are usually set for the same day as the performance, either just prior to the performance or earlier in the day. Performance times and locations are always at the discretion of the cruise line, according to the availability of the venue being used.

Performance Length

The type of performing group determines the length of each performance. In general, each school is initially limited to one 60-minute performance. This time includes stage set-up and strike time. Additional or lengthier performances may be scheduled if time permits; please make requests for such as early as possible so that the cruise line will have ample time to try to accommodate you. Please check with your Cruise Festivals representative to determine availability of additional performance opportunities.

Performance Location

In most cases, each group will perform in the main show room on each ship. However, this is done solely at the cruise lines' discretion and some groups may have their performances scheduled in a different lounge. Also, in some cases, the main show lounge will not be available to student groups due to the activities and rehearsals already booked in it by the onboard staff.

The main show lounge stage on the Carnival Fantasy, Ecstasy, Fascination, Inspiration, Sensation, Elation, and Imagination is 35' deep x 50' wide.

All main theatres on board these ships have wood floors and a professional sound system. **NO CLOGGING, BAREFOOT DANCING OR TOSSING OF EQUIPMENT SUCH AS FLAGS OR RIFLES IS ALLOWED ON CARNIVAL CRUISE LINES.**

Awards

All performance groups will receive a plaque for their participation, and will be presented with this plaque at the Debarkation Meeting / Awards Ceremony on the last day of the sailing.

Advertising Your Performance

Advertising of performances is done solely at the discretion of the cruise line, and on some sailings it is not possible to print the group's name in this paper. Word-of-mouth advertising is a very effective means by which to get an audience at the group's performance!

Music

A sound technician will be provided for your rehearsal and performance to assist with your production (if needed on main show lounge). Only the technician is permitted to operate the sound equipment. All music must be recorded on a high quality CD (tapes are not permitted). Please use one CD (as opposed to one for each song) with accompaniment for the entire show on it, and bring this CD and a back-up copy to both your rehearsal and your performance. It may be necessary for a representative from your group to sit in the booth with the sound tech during your performance, with back-up CD in hand, if you have CD accompaniment. iPods may be used on some ships. The ship will have microphones available for your group's use during their performance; these are generally directional mics that are corded and on a stand. A *maximum* of three (3) microphones can be set up for use by your group.

Festival Programs –(With Adjudication)

Your performing group has the exciting opportunity to enhance their experience with an adjudicated performance for an additional cost of \$35 per person, based on a minimum of 50 paid persons (if your group is fewer than 50 persons, an additional fee will apply).

Trophy

All festival instrumental and choral groups will receive a trophy for each event entered and will be presented at the awards ceremony. Trophy ratings are as follows:

Superior Rating: 90-100 points Excellent Rating: 80-89 points Good Rating: 70-79 points

Workshops

Your group may participate in an educational performance workshop on board ship for an additional cost of \$35 per person (minimum of 50 paid persons)! This one hour workshop will be hosted by a highly experienced professional in the genre of your group including onboard and off board musicians, dancers, and/or other professionals.

Price Increases

If the U.S. Government, cruise line, or local port authority raises port charges/taxes and/or institutes a fuel surcharge or any type of price increase, it will become necessary that the increase be passed on to the group. Pricing is based on a minimum of 30 passengers. For every person under 30 passengers, there will be a \$50 surcharge per person. For every person under 20 passengers, there will be a \$100 surcharge per person.
