WESTERN STATES CONTRACTING ALLIANCE (WSCA)  
WIRELESS EQUIPMENT AND SERVICES  
VERIZON WIRELESS  
MASTER PRICE CONTRACT  
CONTRACT #7-10-70-16  
Amendment #5**

**1. Scope:**

This Participating Addendum is between the State of California and Verizon Wireless.

This Participating Addendum covers the purchase of Wireless Services and Equipment for all State departments and may include all California political subdivisions/local governments. "State department" for the purpose of this participating addendum refers to any entity of the executive branch of California government including, but not limited to agency, department, board, commission, office, association or institution. A "California political subdivision/local government" is defined as any city, county, city and county, district, or other local governmental body or corporation, including the California State Universities (CSU) and University of California (UC) systems, K-12 schools and community colleges empowered to expend public funds. Each political subdivision/local government should make its own determination whether the WSCA program is consistent with its procurement policies and regulations. Eligible Entity for the purpose of this participating addendum, unless otherwise specified includes State departments and California political subdivision/local governments as defined above.

The California participating addendum for wireless services and equipment is designed to take advantage of the WSCA Nevada volume purchasing to develop a wireless (voice and data) services and equipment offering unique and specific to the California State's wireless business needs with respect to lowest costs and optimum operational efficiencies.

The State of California Pricing offering in Attachment 1, specifically the Plans and Features, is being offered based on the State of California (state and local subscribers) maintaining 150,000 active/billing lines in service with Verizon Wireless under this Participating Addendum, which includes lines of service from the former California Wireless contract #1S-05-58-02. The number of active/billing lines of service is comprised of both State and Local government liable (government paid) subscribers purchasing under this State of California WSCA Participating Addendum.

If the number of active/billing lines in service with Verizon Wireless falls below 150,000 for three consecutive months, this Participating Addendum will remain in full force and effect, but the special State of California pricing in Attachment 1 will no longer be available to new lines of service. Lines of service already on the special State of California pricing will be permitted to stay on that pricing, and new lines of service will be able to use standard WSCA pricing if then permitted by the State of California.
