Recommendations

- Develop the 2021 summer school program reflecting the successful experiences of previous years and include students who were affected by the COVID-19 pandemic so they are on-target to fulfill graduation requirements.
- Continue offering two 3-week sessions at each comprehensive school site.
- Add an additional 2-week session for LVHS/LSHS.
- Carefully consider course offerings at each site and consider consolidation of courses when appropriate.
- Continue to offer English 1, 2, and 3 for repeat-credit only.
- Continue early staffing to ensure timely hiring of qualified teachers.
- Continue increased supervision of all instructional programs to enhance quality.
- Continue to implement criteria for admission into specific courses (i.e., READ 180, Algebra 1, and Geometry).
- Carefully monitor expenditures.
- Continue with reduced ESY at 5 weeks, or 20 days, in accordance with Education Code requirements.
- Offer the 2-week health course as an online APEX course for all students needing health credit.

Authorization for 2021 Summer School

- * This concludes the 2020 Summer School Report.
- * It is recommended that the Board of Trustees approve the recommendation for 2021 Summer School starting June 1, 2021:
- * Two three-week sessions Monday - Thursday on each comprehensive campus;
- * 20 day session for Extended School Year (ESY) on the campuses with adequate enrollment;
- * One four-week session for La Vista and La Sierra High Schools and one two-week session;
- * One six-week session for iSierra Online Academy (Independent Study for La Sierra).
- * THANK YOU!
