

**Proposed Future Agenda Item:**

**From:** Noelani Pearl-Hunt  
**To:** Board of Trustees  
**Date:** January 31, 2017

**RE:** Stronger Resolution and Accompanying Policy on Schools as Safe Places for Students

**Proposed Item Type:** Action

**Proposal:** I am asking the Board to consider passing a stronger resolution that the one recently passed by the Board in support of our students and their safety as school. Yesterday, the California Department of Education wrote the following in a letter to school districts:

“State Superintendent of Public Instruction Tom Torlakson today urged all California public schools to continue “Safe Haven” efforts for students and their families, particularly Muslims and refugees...”

I propose that the Board consider a stronger resolution, like the one attached herein, as well as an accompanying board policy (see attached) in a future board meeting.
