Board Policy

Interdistrict Attendance

BP 5117

Students

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons. Requests for residents of the district to attend school in another school district or for non-residents to attend school in the district may be considered provided seating capacity in schools can accommodate the request at the relevant grade level and when an interdistrict agreement exists between that school district and the district. Further, the Board believes the educational experience available to interdistrict students is a privilege. Interdistrict applicants should meet identified standards for admission into the district and these standards should be maintained throughout each school year.
