Dear Mrs. Shaffer,

First and foremost, I would like to thank you for the opportunity that was given to Friesens to work as an Approved Vendor in your district the last two years. Both Friesen and I have thoroughly enjoyed working with your school, look forward to publishing their work and making them successful both with their school population and school community!

Friesens Corporation would like to formally request an extension of our Approved Vendor status for RFP #1819-06 "Yearbook Printing and Delivery" with the Fullerton Joint Union High School District for the 2022 school year. We hope to continue working with your schools and not only help them create high quality products but provide them with an even higher level of service at the best price possible.

For the 2022 school year, Friesens anticipates a price increase between 2-4% from our pricing listed in the original bid depending on the specifications, materials and quantities selected by the school in question. The exact impact percentage increase would be determined at the time of renewal with the school but would remain within this range or below.

If you should have any questions or concerns, please don't hesitate to contact me at any time.

Thank you once again and we hope to have the privilege of continuing our positive relationship with your district, schools and communities.

Regards,

Eric Saxton
Print Sales Consultant
