REVISED

BP 5117

Students

~~The Board of Trustees recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.~~

Board of Trustees recognizes that parents/guardians of students who reside in one district may, for a variety of reasons, choose to enroll their child in a school in another district.

(cf. 0520.3 - Title I Program Improvement Districts)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

(cf. 5111.1 - District Residency)

(cf. 5116.1 - Intradistrict Open Enrollment)

(cf. 5118 - Open Enrollment Act Transfers)

~~Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.~~

Interdistrict Attendance Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

~~The Superintendent or designee shall ensure that interdistrict permits specify the terms and conditions agreed to by both districts for the granting, denial, or revocation of the permit as well as the standards for reapplication.~~

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

~~The Superintendent or designee may deny the granting of an interdistrict attendance permit because of overcrowding within district schools or limited district resources.~~

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request, the Superintendent or designee may authorize transportation for interdistrict

transfer students to and from designated bus stops within the attendance area if space is available.

Limits on Student Transfers Out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice. (Education Code 48307)

(cf. 3100 - Budget)

(cf. 3460 - Financial Reports and Accountability)

The district may deny a transfer of a student out of the district to a school district of choice if the Board determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan of the district. (Education Code 48301)

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district to a school district of choice, if the other school district approves the application for transfer. (Education Code 48301)

(cf.6173.2 - Education of Children of Military Families)
