

**LA CAÑADA UNIFIED SCHOOL DISTRICT
BUSINESS SERVICES MEMORANDUM**

June 20, 2017

TO: Wendy K. Sinnette, Superintendent

FROM: Mark Evans Chief Business and Operations Officer
Gretchen Bergstrom, Director of Fiscal Services

SUBJECT: Second Reading: Report of Estimated Revenue and Expenditures for 2016-17 and Review of the District's Proposed Budget for 2017-18

Introduction

The June budget adoption is considered a "place holder" budget because by necessity it is primarily based on estimates and assumptions versus actual data. The 2016-17 data is "projected actuals", this means the numbers are currently estimates since the year has not yet closed. The 2017-18 State Budget has not been finalized, therefore the State revenues, programs changes, and State retirement costs are not finalized.

However, the June budget adoption is important to not only meet the State requirement but also to provide a general overview as to the fiscal health of the district. In general, the 2017-18 June budget for La Cañada Unified School District reflects challenges of flat enrollment and the need to continually make expenditure reductions due to the increasing contributions to the State retirement systems.

Once the Legislature approves and the Governor signs the 2017-18 State Budget, it is likely that staff will need to present a subsequent budgetary update to the Governing Board in either July or August.

May Revise

The Governor's "May Revise" of his January Budget Proposal was released on May 12, 2017. In recent "Fiscal Reports" received from School Services of California, Inc. (SSC), the following is a summary of the Proposition 98 (K-12) portion of the Proposed Budget for 2017-18 that will have an impact on funding for the La Cañada Unified School District.

The Governor's May Revision acknowledges a slowing economy with weakened revenues in 2016-17. However, the Governor has raised revenue forecasts for 2017-18 from the January projections. Prop 98 funding is not significantly impacted. The current year saw a decline in funding and the 2017-18 budget year is anticipated to have a small increase. The one-time revenues that were proposed have been increased over the January Proposal, but the Governor proposed paying these in May 2019.

The Cost of Living Allowance (COLA) has increased from 0% in 16-17 to 1.56% in 17-18. This means the base grant will increase slightly.

One of the main premises of the Local Control Funding Formula (LCFF) when it was introduced was to restore the prerecession purchasing power to the 2007-08 levels by 2020-21. Due to increased costs in CalSTRS and CalPERS, special education and other nondiscretionary spending, the actual purchasing power will not be fully restored.

Local Control Funding Formula

The May Revise increases the LCFF funding level proposed by the Governor in January. The new revenue will fund the cost of the COLA and close some of the remaining GAP in purchasing power. This will bring statewide school funding to 97% of 2007-08 amounts – adjusted for inflation. This reflects statewide dollars. The new formula for LCFF impacts districts differently, and LCUSD receives minimal amounts of the dollars above the base grant. Most of the gap has been closed, and schools are within 3% of inflation adjusted funding as compared to 2007-08 levels. With the gap becoming smaller, the percentage funded becomes larger. This gives the appearance of large increases, however the reality of the dollars is that the actual amount is decreasing. The weaker revenue forecasts present challenges for the State in keeping funding at pace with the annual COLA. The cost-of-living adjustment (COLA) is now 1.56% (up from the January estimate of 1.48%).

Ongoing revenues are distributed based on LCFF formula, and one-time revenues are traditionally dispersed evenly across all districts based on Average Daily attendance.

Retirement Systems

A major impact on the budget are the increased rates the State is mandating for the California Retirement Systems, California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS). These are pension plans controlled by the State. The pension reform legislation recognized the unfunded liability and proposed a long-term plan to address it. This plan over time, increases the State, the Employer and Employee contributions to address this liability. Employer contributions are proposed to increase as follows:

CalSTRS

	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
Employer	8.25%	8.88%	10.73%	12.58%	14.43%	16.28%	18.13%	19.10%

CalPERS

	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21
Employer	11.44%	11.77%	11.85%	13.89%	15.53%	18.1%	20.8%	23.8%

These increases are significantly outpacing the COLA and consuming the purchasing power that the GAP funding is working to restore.

Budgetary Overview

This agenda item provides the following budgetary information:

- An overview of the 2016-17 Estimated Actuals and 2017-18 Budget Financial Report and multi-year projections through 2019-2020 (Page 4).

- District Budgetary Assumptions (Page 5)
- Revised Enrollment Projections (Page 6)
- 2016-2017 All Fund Summary (Page 7)
- School Services of California, Inc. Financial Projection Dartboard, 2016-17 through 2020-21, (Page 8)
- Budget Development Calendar: The calendar of events associated with the development of the District's 2016-17 (Page 9)

Special Note: The budget recommendation for the Governing Board includes a cash transfer of \$65,000 from the Field Fund (40.4) to the Cafeteria Fund (13.0) in the 2017-18 budget year. This is to offset expenses beyond revenues.

Recommendation

It is recommended, that the Governing Board approve the 2017-18 Budget.

SSC School District and Charter School Financial Projection Dartboard 2017-18 May Revision

5-53

This version of SSC's Financial Projection Dartboard is based on the 2017-18 May Revision. We have updated the Local Control Funding Formula (LCFF) factors. We have also updated the cost-of-living adjustment (COLA), Consumer Price Index (CPI), and ten-year T-bill planning factors per the latest economic forecasts. We rely on various state agencies and outside sources in developing these factors, but we assume responsibility for them with the understanding that they are general guidelines.
