### School Description

**COMMUNITY:** Located in the West portion of Santa Clara County, Campbell Union School District serves more than 7,600 students from the communities of Campbell, San Jose, Saratoga, Santa Clara, Monte Sereno and Los Gatos.

Rolling Hills Middle, one of the District's three grade 5-8 middle schools, educates a diverse population of approximately 1000 students. Our staff provides a safe and orderly campus, fosters individual creativity, promotes a culture of respect for all, and encourages students to reach their full potential by engaging in their own learning and giving support back to their community. (NOTE: The District's Home School program operates out of Rolling Hills, which is why some elementary student data appears in this middle school's report.)

### Mission Statement:

RHMS—where a creative, dedicated staff, in collaboration with parents and students, provides dynamic multifaceted learning experiences that inspire young adolescents to be independent, thoughtful, reflective and respectful members of their community. Together we strive to cultivate goal oriented, lifelong learners through engaging learning opportunities which allow students to SOAR.\*

\* SOAR stands for Successful, On Task, Appropriate, Respectful

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (408) 364-4235 or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

### Quality and Currency of Textbooks and Other Instructional Materials

District Curriculum committees select the majority of textbooks and other instructional materials with representatives from every school and grade level. Purchase of textbooks follows the State adoption cycle. All textbooks series are recommended by the State and are purchased with State Instructional Materials money. Every student has a current textbook in the basic subject areas and every classroom has calculators, dictionaries, maps/globes, and math manipulatives.

Note: Assembly Bill X4 2 (Chapter 2, Statutes of 2009-10 Fourth Extraordinary Session) signed on July 28, 2009, suspended the process and procedures for adopting instructional materials, including framework revisions, until the 2013-14 school year. Senate Bill 70 (Chapter 7 of the Statutes of 2011) extended that suspension until the 2015-16 school year. For more information go to the California Department of Education website at <http://www.cde.ca.gov/ci/>

### School Facility Conditions and Planned Improvements (Most Recent Year)

Rolling Hills Middle School, originally constructed in 1963, is comprised of 45 classrooms (including portables), a library, two computer labs, a staff lounge, cafeteria, gymnasium/event center, CampbellCare facility, and a large recreation yard with baseball and track and field areas. Campus-wide improvements have been underway since 2010, including: construction of Campbell Care facility and two new classrooms, roof repairs and replacements, solar panel installation, new exterior walkways, landscaping, parking areas and shade structures funded through Measure G. Classroom windows and doors have been replaced and the school buildings have been painted. Ceiling-mounted projector installation in classrooms has been completed. This site is part of the solar photovoltaic project in 2016.

#### Cleaning Process:

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. Administrators work daily with the school's custodial staff to develop cleaning schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair:

A preventative maintenance program is administered by the Facility Maintenance Department staff, with heavy maintenance functions occurring during vacation periods. Additionally, Campbell Union School District administers a scheduled landscape and building maintenance program to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently.

## B. Pupil Outcomes

#### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement

Our partnerships with the community and families represent one of our greatest assets at RHMS. Parents play an important role through volunteering on campus, fund-raising efforts, chaperoning school events, and participation in various organizations, including the School Site Council, Booster Clubs, and Parent-Teacher Association, Technology Committee, English Language Advisory Committee (ELAC), and Project Cornerstone. Parents who wish to participate in committees or school activities may contact the school office.

#### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

#### School Safety Plan

The School Safety plan for the 2015-16 school year was updated and approved 5/14/14 and reviewed with staff 8/17/15.

The Comprehensive School Safety Plan is developed and reviewed with participation from staff, the school site council and local law enforcement representatives at the beginning of every school year. The plan includes information about our strategies and programs that provide and maintain a high level of school safety, including, but not limited to: ICS- Incident Command system for schools during a crisis, including adaptations for pupils with disabilities; Earthquake, Fire and Lockdown emergency procedures and drills; Procedures for safe ingress and egress of pupils, parents, and employees from school site, including access to the school campus; Suspension and Expulsion policies and procedures; policy prohibiting discrimination, harassment, hate crimes, intimidation, and bullying; Child Abuse Reporting procedures; and School Discipline policies and procedures.

### Professional Development provided for Teachers

Campbell Union School District's work year calendar allocated, three full-day Professional Development days in the 2013-2014 school year, four in 2014-15, and three are planned for 2015-16. The District provides professional development for all credentialed and non-credentialed staff. Classified staff members who work directly with students are trained in the same focal areas as the teachers.

### PRIMARY AREAS OF FOCUS FOR STAFF DEVELOPMENT:

The primary areas of focus for staff development in all CUSD schools is training to support the implementation of the Common Core State Standards. The focus is on understanding the instructional shifts associated with Common Core standards, the content standards themselves and the Eight Mathematical Practices. Carefully examining student data takes place at regularly scheduled collaboration meetings where teachers discuss specific learning needs and develop intervention plans for targeted students. The professional development offered supports teachers in learning best practices for meeting the needs of all learners through a variety of Common Core aligned assessments. Professional Development is also offered in the area of STEAM and 21st Century Learning strategies.

### METHODS OF PD:

We use many different models for delivery of professional development. Our teachers are given release days to attend sessions or conferences. Sometimes teachers are paid a stipend to do professional development on a weekend or during the summer. We offer after school sessions throughout the entire school year, and we take into consideration staff requests for both content and timing of the professional development.

### HOW TEACHERS ARE SUPPORTED:

We have extensive coaching in our district, both through our site Common Core Coaches and through our district math, literacy and STEAM Coaches. All of our coaches follow coaching cycles to ensure that teachers are regularly examining student data to align instructional practices that maximize student learning. Grade Level Leader meetings and district job-alike meetings happen regularly to support teachers in planned collaboration time where best strategies can be shared across the district. Collaboration time is also planned at each school site so that teachers and administrators can do the work of a professional learning community. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.

### Types of Services Funded

In 2014-15, District funding through the Local Control Funding Formula (LCFF) included a Base Grant, a Supplemental allocation, and a Concentration allocation. The Base Grant funded the services that we provide to all students, such as Common Core instructional materials, Equity coaches, AVID Training at middle schools, technology improvements and the Positive Behavior Intervention and Supports (PBIS) system. The Supplemental and Concentration allocations support targeted services to students who are designated as Low income, English Learners, and/or Foster Youth.

State and federal funding also supported the following special programs.

- Title I, Part A: Basic Grant
- Title II, Part A: Improving Teacher Quality
- Title III, Part A: Limited English Proficiency (LEP)
- State Preschool
- State Child Care
- Federal Free/Reduced meals

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
