## 2014-2015 School Accountability Report Card

### I. DATA AND ACCESS

#### SARC Data

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

#### Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### III. CONDITIONS OF LEARNING

#### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2014-2015)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at <http://www.cde.ca.gov/nclb/sr/tg>.

#### Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council, composed of administrators, teachers, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

#### *School Facility Conditions and Planned Improvements (Most Recent Year)*

At Laurel Dell School, the campus is orderly, and students feel safe at school. The school ensures that on-site supervision is provided for programs that take place before and after school. Beginning at 8:30 a.m., there is supervision for those students who have arrived on campus before the 8:45 a.m. start time. After school, many of the students participate in the LEAP intervention program for grades 1-5.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty have a reasonable amount of classroom and open space. The playground is sufficient for the size of the student population and is easily supervised during recess. The campus offers sufficient spaces for pull-out groups and counseling services.

Laurel Dell Elementary was opened at its current location in 1961. The school has a total of nine classrooms (five permanent and four portable), a multipurpose facility, a library and technology center, community meeting room, covered eating area, and a student services (administration) building. Portable classrooms were added in 2003, 2004, 2005 and 2007. The school underwent modernization in recent years with the use of voter-approved school bond funds. Improvements included modernization of the technology center and library, community meeting room, installation of a new covered eating area, new roof, repair and replacement of gutters and downspouts, new heating and air ventilation system, electrical distribution upgrades, and new external lighting. In addition, the parking lot and fencing were reconfigured to expand the play area.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An on-line maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

### IV. PUPIL OUTCOMES

#### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Statewide Student Assessments

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California's new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The 2014-2015 CAASPP comprises the following required assessments:

- Smarter Balanced Summative Assessment, or computer adaptive test (CAT) and performance task (PT), for English-language arts and mathematics in grades 3 through 8 and grade 11.
- Early Assessment Program (EAP), which uses the Smarter Balanced Summative Assessments in grade 11.
- Alternate assessment field test for English-language arts and mathematics in grades 3 through 8 and grade 11.
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

*Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.*

#### California Assessment of Student Performance and Progress (CAASPP) Results for All Students (School Year 2014-2015)

This table displays the percent of students scoring at the Proficient or Advanced level (meeting or exceeding the state standards) on the CAASPP in the areas of English-language arts and mathematics for the 2014-2015 school year.

Parent involvement is a vital component of the educational program at Laurel Dell Elementary School. San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

Parents and guardians have the opportunity to play an active role in their child's school experience through a number of activities, including parent council, district and school English language advisory committees, parent teacher associations, district and school site committees, fundraising campaigns and special events.

At Laurel Dell School, specific opportunities for parent participation include the Site Leadership Team, Parent Teacher Association, and School English Language Advisory Council.

Parents are also made to feel welcome through various informational and community-building events, including back-to-school nights, parent conferences, parent education nights, PTA meetings, parent coffees/Charla Cafes, and student performances. Main events include the Harvest Celebration, Fiesta Del Sol, Winter Concert, car washes, and Saturday work days.

**Date Discussed with School Faculty:** August 18, 2015

Laurel Dell has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. ### VI. OTHER SARC INFORMATION

#### *Professional Development*

All teachers in the San Rafael Elementary District have the opportunity to participate in three formal professional development days scheduled as part of the district calendar.

Since the 2010 academic school year, Laurel Dell Elementary has had every teacher trained in the project GLAD (Guided Language Acquisition by Design) program model to create Common Core aligned thematic units. The thematic units teach the language arts standards via science or social studies content areas.

As part of a federally funded counseling grant, staff is being trained on how to implement PBIS (Positive Behavioral Interventions & Supports). Common language is created among all students in dealing with conflict resolution.

This year our Transitional Kindergarten, Kindergarten, and First Grade teachers have begun receiving training with the SEAL model (Sobrato Early Academic Language) model.

The focus of our professional development was to develop Common Core aligned thematic units. These thematic units are designed by our staff to include: an essential question, aligned language arts and social studies themes, and various media that provide 21st Century learning. In addition, a full day was devoted to balanced literacy, F & P reading assessments, STEM (Science, Technology, Engineering and Math) education and UCBHSS (University of California, Berkeley History and Social Studies).

Teachers and other key school staff members have additional opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.
