  - iii. the key elements of the instrument to be awarded;
  - iv. a description of the format that proposals must follow, including the elements they must contain;
  - v. the standards the District will use in evaluating proposals;

- b. The District shall give notice of the RFP by publishing the notice:

- c. In order to submit a proposal, a proposer shall be prequalified in accordance with subdivisions (b) to (m), inclusive, of Public Contract Code section 20111.6.
- d. If electrical, mechanical, and plumbing subcontractors are used, they shall be subject to the same prequalification requirements for prospective bidders described in subdivisions (b) to (m), inclusive, of Public Contract Code section 20111.6, including the requirement for completion and submission of a standardized prequalification questionnaire and financial statement that is verified under oath and is not a public record.

#### **2. Contents of Requests for Proposals**

- a. The RFP shall identify all criteria that the District will consider in evaluating the proposals and qualifications of the proposers, by considering, relevant experience, safety record, price proposal, and other factors specified in the RFP.
- b. The price proposal shall include, at the District's discretion, either a lump-sum price for the Project or the proposer's proposed fee to

perform the services requested, including the proposer's proposed fee to perform preconstruction services or any other work related to the facilities to be constructed, as requested by the District.

- c. The RFP shall specify whether each criterion will be evaluated pass-fail, or will be scored as a best value score, and whether proposers must achieve any minimum qualification score for award of the contract.
- d. For each scored criterion, the school district shall identify the methodology and rating or weighting system that will be used by the school district in evaluating the criterion, including the weight assigned to the criterion and any minimum acceptable score.

### **3. Evaluation and Award**

Proposals shall be evaluated and the Project awarded in the following manner:

- a. All proposals received shall be reviewed to determine those that meet the format requirements and the standards specified in RFP.
- b. District shall evaluate the qualifications of the proposers based solely upon the criteria and evaluation methodology set forth in the RFP, and shall assign a best value score to each proposal. Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the District.
- c. The District's Board of Trustees shall award the Project to the responsive proposer whose proposal is determined, in writing by the Board of Trustees, to be the best value to the District.

If the selected proposer refuses or fails to execute the tendered proposed contract, the Board of Trustees may award the contract to the proposer with the second highest best value score if it deems it to be for the best interest of the District. If the second selected proposer refuses or fails to execute the tendered instrument, the Board of Trustees may award the instrument to the proposer with the third highest best value score if it deems it to be for the best interest of the District.
