In order for the District to properly review the substitution request, within ten (10) days prior to the opening of bids, the Contractor shall provide samples, test criteria, manufacturer information, and any other documents, including the submissions that would ordinarily be required for Shop Drawings along with a document which provides a side by side comparison of key characteristics and performance criteria (often known as a CSI side by side comparison chart).

If Substitution Request is accepted by the District, Contractor is still required to provide a submittal for the substituted item and shall provide required schedule information (including schedule fragnets, if applicable) for the substituted item. The approval of the District of the Substitution Request does not mean that the Contractor is relieved of Contractor's responsibilities for Submittals, Shop Drawings, and schedules if the Contractor is awarded the Project.
