| Values - Community - We work in the context of the larger community, supporting, and being supported by parents and organizations. | All school sites will participate in a community service project. | By May 2019, school site teams/staff/students/parents shall participate in "Love Your School" or Community project. | It is the intent of the Board to ensure students have the opportunity to experience giving back to their community. This activity is to be student generated; which means, students will develop the idea and facilitate the completion of the project. | Funded through community sponsorship, PTA/PTO, student council, ASB, or site base. | Principals under the direction of the Superintendent |
