# Comprehensive School Safety Plan

Section 1: General Information – School Safety
Part 1: District Commitment to School Safety

## District Commitment to School Safety

Alpine County Unified School District is committed to ensuring that students enrolled in this district, and all employees, attend campuses that are safe and secure. The District believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school in the District. The District intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement. The School Site Council committee will review these safe school plans on an annual basis. Changes proposed by the CSSP School Safety Committee will be submitted to the Board for approval each March.

# Comprehensive School Safety Plan

Section 1: General Information – School Safety
--

Part 2: Legislative Requirements – CSSP
---

The California Education Code (Sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1<sup>st</sup> every year. By February 1<sup>st</sup> of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

Part 3: Legislative Requirements – Standardized Emergency Management System (SEMS)
--

Alpine County Unified School District has incorporated protocols of California's Standardized Emergency Management System (SEMS). The California Code of Regulations, Title 19, Division 2, Chapter 1, Sections 2400-2450 outlines the requirements of all special districts. These regulations establish the Standardized Emergency Management System (SEMS) based upon the Incident Command System (ICS). SEMS is intended to standardize response to emergencies involving multiple jurisdictions or multiple agencies. SEMS is intended to be flexible and adaptable to the needs of all emergency responders in California.

SEMS requires emergency response agencies use basic principles and components of emergency management including;

- ICS,
- Multi-agency or inter-agency coordination,
- Operational area concept, and
- Established mutual aid systems.

State agencies must use SEMS. Local governments must use SEMS by December 1, 1996 in order to be eligible for state funding of response-related personnel costs pursuant to activities identified in California Code of Regulations, Title 19, §2920, §2925, and §2930.

Executive Order S-2-05 issued by the Governor of California directs the California Office of Emergency Services and Office of Homeland Security, in cooperation with the Standardized Emergency Management System Advisory Board, will develop a program to integrate the National Incident Management System, to the extent appropriate, into the state's emergency management system.

# Comprehensive School Safety Plan

Section 1: General Information – School Safety
--

Part 4: Legislative Requirements – National Incident Management System (NIMS)
---

In 2004, the Department of Homeland Security released the National Incident Management System (NIMS) as required by Homeland Security Presidential Directive (HSPD) - Management of Domestic Incidents and HSPD-8 Preparedness. While most emergency situations are handled locally, when there's a major incident help may be needed from other jurisdictions, the state and the federal government. NIMS was developed so responders from different jurisdictions and disciplines can work together better to respond to natural disasters and emergencies, including acts of terrorism. NIMS benefits include a unified approach to incident management; standard command and management structures; and emphasis on preparedness, mutual aid and resource management.

HSPD-5 established and designated the NIMS Integration Center (NIC) as the lead federal entity to coordinate NIMS compliance. Its primary function is to ensure that NIMS remains an accurate and effective management tool through refining and adapting compliance requirements to the Alpine County Unified School District's ongoing preparedness needs.

To accomplish this, the Compliance and Technical Assistance Branch relies on input from Federal, State, local, tribal, multi-discipline and private sector stakeholders to assure continuity and accuracy of ongoing implementation efforts. In this collaborative role, the NIC has worked with these partners to refine and implement improvements to NIMS, including the development of performance measurement systems for State, territorial, tribal, and local governments, based on lessons learned and best practices from across the nation.

NIMS plans include;

- Use of standardized terminology,
- Standardized organizational structures (ICS),
- Interoperable communications,
- Consolidated action plans,
- Unified command structures, when applicable,
- Uniformed personnel qualifications standards,
- Uniformed planning, training, and exercises,
- Comprehensive resource management, and
- Designated incident facilities.

Section 1: General Information – School Safety
Part 5: Maintaining a Safe and Orderly Environment

It is a priority of the administration and staff in the Alpine County Unified School District that every student who attends our schools will be provided with an environment in which the students not only feel physically safe, but that there is also a positive school climate in all activities both in and out of the classroom.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Our Alpine County Unified School District promotes nonviolent resolution techniques in order to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training which implements and supports conflict resolution (California Education Code Sections 32228 – 3228.6, 35160, 35160.1, 44806).

Current Programs:

Our staff will also maintain a single point of public entry to our school (the front door). All other exterior doors shall remain locked and completely closed at all times during the school day. Exception: Hallway doors to the playground shall be unlocked during recess periods. Those doors will be relocked at the end of each recess period. ## District Emergency Communications Procedures

### General Information

#### Communication

Communication in time of emergency should be as complete as possible so that panic is not created through the absence of accurate information.

- During an emergency, telephones and cell phones will only be used to report emergency conditions or to request emergency assistance. In the event that telephone and/or electrical service are interrupted, other means must be relied upon to relay information. If phone or FAX communication is impossible then radios should be used to relay information. In the event that communication by radio, telephone or FAX is not available then messengers will be used as a last resort. A bullhorn and/or runners (designated by the Principal) may be utilized within the school building and on school grounds. Runners will go to the nearest occupied residence or Health and Human Services on Diamond Valley Road.
- Supervisors will designate staff member(s) (Human Resources, Administrative Assistant) to monitor all communications.
- All District entities are required to report to the Superintendent as soon after a civil disturbance or disaster immediately after initial corrective action is taken at the site. The Supervisor or Principal will send the Superintendent a follow-up report in writing as soon as possible.
- The District Office will communicate with each school whenever a civil disturbance or disaster occurs, or is pending, by calling or sending a messenger to the school sites.
- Supervisors, or their designees, shall personally contact the Superintendent as soon after a disaster or civil disturbance as reasonably practical.
- Communications regarding civil disturbances or disasters must be communicated to the schools and the District Office.
- All District entities should be aware of the Emergency Broadcast System, which will broadcast over the following stations:

#### **KOLO channel 8, KTVN channel 2, and KRNK channel 4 Television**

- All office personnel will monitor one of these stations during an emergency situation.
- Battery operated radios will be maintained in proper working order in all site offices.

## **Biological/Chemical Weapons Assault**

Biological and chemical weapons are unconventional warfare tactics that can be deployed upon the public with little or no notice. Such weapons typically involve microscopic materials that may be organic or synthetically manufactured in laboratories. Biological or chemical weapons can be in powder form, liquid, or vaporous. Agents used in biological/chemical attacks include, but are not limited to: anthrax, smallpox, other harmful viruses, various forms of nerve gas, tear gas, and other vaporous irritants. Pranks using stink bombs should also be considered a chemical weapons attack.

There are several possible dispersion techniques to deliver biological and chemical agents. The following procedures should be utilized in the event of an assault involving biological or chemical weapons.

Any possible biological/chemical weapons assault should be reported immediately to the Principal.

The Principal should notify law enforcement authorities and the district office immediately.

As necessary alert all site employees of the situation.

In any situation involving biological or chemical weapons the Principal and staff must follow all instructions given by officers of emergency response agencies. The District ICO will develop an action plan to handle telephone inquiries, rumor control, media relations, public information, employee/student crisis counseling, and facility damage assessment/control.

If a biological or chemical weapons attack is suspected, students should remain inside. Students who are outside should be taken inside as soon as possible.

Sheriff, Fire, Public Health, or Environmental Health Departments may order evacuation of the school.

- Immediately call emergency number, 911.
- Notify the Superintendent and Principal.
- Maintenance personnel or designee are to shut down any ventilation systems in the buildings.
- School staff shall close all windows and doors within the building.
- School staff shall duct tape the perimeters of all exterior windows and doors.
- The First Aid Team will set up an area for triage and provide necessary materials and equipment to responding medical personnel. The First Aid Team and appropriately trained staff may render first aid as necessary.
- Any persons that are suspected of being contaminated with a substance that could be transferred to others should be isolated until Public Safety Personnel carry out decontamination procedures.

- Maintenance Personnel, under the direction of Operations, will provide repairs, modifications of equipment, or facilities when requested by responding Hazardous Materials Response Team or Fire Department Personnel.
- Teachers will take roll to ensure that all students are present. Supervisors will determine if all members of their department are present and accounted for. The names of any missing students or staff members will be provided to the Search and Rescue Team.

The Principal will follow the pre-established district communication procedures and will then monitor the emergency situation and make decisions about moving groups of students away from areas that might be dangerous.

Section 3: Disaster Procedures
--------------------------------

Part 3: Bomb Threat Procedures
--------------------------------

## **Bomb Threat Procedures**

If you observe a suspicious object or potential bomb on property,

**DO NOT HANDLE THE OBJECT, IMMEDIATELY NOTIFY 9-1-1.**

The Principal will make the decision to evacuate the building. However, if possible, this decision should be made in conjunction with law enforcement authorities after they arrive at the site.

The decision to search the building will be made in conjunction with law enforcement authorities and performed by them.

The Principal will authorize reoccupation of an evacuated building only after consulting with law enforcement authorities.

The Principal or Site Supervisor will notify local law enforcement and the District Superintendent's Office.

Strictly follow the above notification procedures and do not discuss or notify others of the bomb threat since this may create an unwarranted panic response at the facility.

### **Receiving the Call**

The vast majority of bomb threat telephone calls and notes are hoax or prank calls. All such threats must, nevertheless, be handled quickly and efficiently. School personnel, upon receipt of a telephone call or note reporting a BOMB at the school shall be responsible for the following:

- Person receiving call should attempt to keep the caller on the telephone as long as possible and alert someone else by prearranged signal so they can get on an extension and notify telephone company to trace the call.
  - Dial "911" -- tell operator, "This is (name of caller) from (name of school). We are receiving a bomb threat on another line. The number of that line is \_\_\_\_\_ . Please trace the call."
- Give any additional information needed by the operator. This must be done quickly. (The call cannot be traced once the caller has hung up.)
- Inform the caller, "I'll connect you with the Principal." If the Principal is unavailable, then connect him with the designee.
  - The Principal or designee, when possible, will question the caller.

- If the caller refuses to speak to the Principal, the employee answering the phone shall notify the Superintendent IMMEDIATELY AND PERSONALLY giving him/her ALL pertinent information collected from the caller.
- Upon receiving a bomb threat by telephone or other means:
  - Try to ascertain as much information from the caller or sources as possible, noting caller's voice (sex, age, tone, and whether it is familiar or not).
  - Any background noise should also be noted.
- Refer to the Bomb Threat checklist when dealing with a telephone bomb threat.
- Notification by Letter. If the message is in the form of a letter, the manner in which it arrived, who found it, and where it was found shall be noted.
- Care shall be taken in handling the message by immediately placing it in a plastic envelope for fingerprint detection. Provide the letter or note to Law Enforcement.
- Law Enforcement personnel will determine the course of further action.

## **Action Plan Procedures**

**If the location of the bomb is not specifically designated, students will be kept in the classroom.**

### **Emergency Procedures- Bomb Threat**

- In any case where the Superintendent or Principal feels that the "bomb threat" is valid, (in view of the willingness of the informer to give detailed, convincing information) he/she shall proceed as outlined below. This procedure is also to be followed should an object suspected of being an explosive device be discovered.
- Announcement: "Staff, please pay attention to further announcements about staff dinners".
- Call 9-1-1 immediately.
- The Principal will notify the teacher of the room identified in the bomb threat, if possible, that his/her room is a specific location of a suspected bomb or object. The teacher will make a visual inspection of the affected classroom and provide the Principal and Law Enforcement Authorities information of any suspicious objects.
- Sweep team thoroughly checks evacuation area for suspicious items or persons. When the area is determined to be clear, sweep team notifies school office and posts a team member to safeguard the area until evacuation is determined.
- Notify Maintenance. Maintenance personnel will assist Law Enforcement personnel in the evaluation of buildings, access, and other important facility physical conditions.
- The Sheriff Department will determine if a search or evacuation should be conducted.
- If it is decided to search the building before evacuating it, an informal search may be made by the Sheriff. Search and Rescue Teams and staff who are familiar with the site and if requested by Law Enforcement should be on hand to assist the Sheriff with pertinent site information.
- In particular, rooms such as mechanical rooms, custodial closets, storage rooms, and restrooms will be searched by Law Enforcement personnel.
- Should any suspicious item be found, it shall not be touched until investigated by the Sheriff or bomb squad.
- If any suspicious item is found, the building must be evacuated immediately. Follow fire drill evacuation procedures.
- Students and staff should not return until authorities declare the area safe.
- Strange objects (possible bombs) are NOT TO BE MOVED. Should such objects be located in a meeting room, office, or other occupied area, the room and all adjacent rooms are to be evacuated at once. These areas may not be reoccupied until the object has been declared safe or removed by the Law Enforcement authorities to a safe location.

**UPON DISCOVERY OF A SUSPICIOUS PACKAGE, BOX, OR STRANGE DEVICE:  
DO NOT TOUCH OR REMOVE STRANGE OBJECTS.**

**TWO WAY RADIOS MUST NOT BE USED DURING THE SEARCH. CONTACT  
THE  
COORDINATOR BY TELEPHONE OR MESSENGER IF A SUSPICIOUS OBJECT IS  
FOUND.**

Additional instructions and considerations to be made in handling bomb threats.

- Try to eliminate publicity and discussion to avoid spreading the idea to others.
- All school personnel should be briefed on their assignments so that they may respond calmly when a threat is made.
- Treat these procedures confidentially. Do not post them on a bulletin board, but keep a folder accessible to those who need to access them.
- Since bomb threats are likely to be the act of a prankster, evacuating in every instance may encourage the repetition or mimicking of the act.

**EACH BOMB THREAT MUST BE EVALUATED AND AN APPROPRIATE  
RESPONSE  
DETERMINED BY THE SUPERVISOR AND LAW ENFORCEMENT.**

- No bomb threat should be ignored. The minimum response must be no less than a report to the Sheriff's Department and the Principal and Superintendent.

If so directed by the Principal or Superintendent, the employees should initiate Evacuation procedures.

- Evacuation:
  - When the decision to evacuate is made and if this can be accomplished by verbal orders staff will be assigned accordingly.
  - In the event that the entire building or campus is to be evacuated, the fire alarm will be activated. Evacuation Team Members will then assure that all rooms have been evacuated and that disabled persons receive necessary assistance.
  - Each employee is responsible for knowing evacuation routes. Posting of evacuation routes for each work area shall be provided by the Evacuation Team.
  - All flammable or explosive substances should be stored or turned off prior to locking doors to protect any school or personal property that may be in the room.
  - All-clear signal shall be given by the Principal or Superintendent or designee only when it is deemed safe to return to the rooms.

**Evacuation Procedures - Specific Responsibilities**

- **All office personnel:**
  - Immediately leave your work area.
  - DO NOT search your work area for foreign, suspicious, or strange objects or packages. If one is found, **DO NOT TOUCH OR MOVE IT!**
- **Superintendent**
  - The Superintendent or designee will assume overall direction during a bomb threat.
  - Direct evacuation of building, using appropriate signals and procedures.

- Arrange for transfer of students when their safety is threatened.
  - Issue order to teachers when students are to assemble in pre-selected safer areas within the school.
- **Administrative Assistant**
    - The public address system will be used when necessary.
    - Immediately leave the work area.
- **Custodian/Maintenance:**
    - Immediately leave the work area and move to the evacuation area.
    - Custodial and Maintenance staff under the direction of the Superintendent or Principal may assist in the search process **ONLY WHEN DIRECTED BY THE LAW ENFORCEMENT AGENCY IN CHARGE.**
- **Teachers:**
    - When the fire drill signal is sounded, teachers will conduct their students to the usual fire drill assembly area. They will hold their students there until the designated evacuation area has been searched and declared safe and then will conduct the students to the cleared area. Teachers assigned to the evacuation area will remain with the students.
- If notification of a threat is received and immediate evacuation is not ordered, Department Supervisors will search their work areas for any unidentifiable objects. If none is found, work will resume until an evacuation order is received.

When the building has been declared safe by Law Enforcement personnel and **ALL CLEAR** signal has been given, the Principal/designee will direct the return of students and staff to buildings.

# Comprehensive School Safety Plan

Section 3: Disaster Procedures
--------------------------------

Part 4: Chemical or Hazardous Material Incident
---

## **Chemical or Hazardous Material Incident**

If the chemical spill is an immediate danger to students and staff of the school – as indicated by mandates from the emergency preparedness agencies, students and staff should exit the building through doors on the side of the building opposite the industry site.

Standard fire drill procedures should be followed.

## **CHEMICAL ACCIDENTS**

Chemical accidents of disaster magnitude may include tank truck or freight train accidents involving large quantities of toxic substances. Should such an accident endanger the students or staff, the Superintendent will determine which ACTION of those following, if any, should be implemented. The nature of the material and the nearness of the accident will probably be the deciding factor. Sheriff, Fire, Public Health, or Environmental Health Departments may order Evacuation of the school.

- Immediately call emergency number, 911.
- Notify the Superintendent and Principal.
- Maintenance personnel or designee are to shut down any ventilation systems in the buildings.
- Staff members shall proceed with emergency chemical spill procedures.
- School staff shall close all windows and doors within the building.
- School staff shall duct tape the perimeters of all exterior windows and doors.
- The Principal, Superintendent, or designee will determine the need to implement evacuation. The Principal, Superintendent, or designee will take action and direct the Evacuation Team to evacuate building and, if necessary, the area.
- The Principal, Superintendent, or designee will determine whether the students and staff should leave the facility grounds. Move students and staff away from the path of the chemical.
- Any toxic cloud that can affect students in their classrooms would very likely affect them outside on the school grounds as well. If time is of prime importance, it may be necessary to evacuate the school by foot. If this occurs, move crosswind to avoid fumes, never upwind or downwind.
- Teachers will maintain control of the students at a safe distance.
- The First Aid Team will set up an area for triage and provide necessary materials and equipment to responding medical personnel. The First Aid Team and appropriately trained staff may render first aid as necessary.
- Any persons that are suspected of being contaminated with a substance that could be transferred to others should be isolated until Public Safety Personnel carry out decontamination procedures.
- Maintenance Personnel, under the direction of Operations, will provide repairs, modifications of equipment or facilities when requested by responding Hazardous Materials Response Team or Fire Department Personnel.
- Teachers will take roll to ensure that all students are present. Supervisors will determine if all members of their department are present and accounted for. The names of any missing staff members will be provided to the Search and Rescue Team.

If a chemical spill occurs on site such as in a chemistry class, students in the area of the spill should be evacuated to an area outside.

If a fire occurs during a chemical spill, the fire alarms should be pulled and the fire emergency procedures shall be followed.

The Principal will follow the pre-established district communication procedures and will then monitor the emergency situation and make decisions about moving groups of students away from areas that might be dangerous.

Notify 9-1-1 of the Chemical or Hazardous Material Incident.

Follow all instructions given by the Fire Department when they arrive at the facility.

Section 3: Disaster Procedures
--------------------------------

Part 5: Earthquake Procedures
-------------------------------

## **Earthquake Procedures**

### **Indoors**

DUCK, COVER, AND HOLD.

Get under desk or table. Move away from windows and objects that could fall. Stay under desk or table until shaking stops.

### **Outdoors**

Move away from buildings, utility poles and vehicles. Avoid all downed wires or electrical lines. Do not run.

### **In School Bus**

Stop vehicle in safe location away from power lines, overpasses or large buildings. Stay in vehicle and establish radio contact with Transportation and/or District Office.

### **General**

Be prepared for immediate aftershocks and ground motion.

Evaluate immediate area for earthquake related hazards (fire, building collapse, gas leaks, broken electrical lines, wires, etc.).

Evaluate immediate area (classroom, bus, etc.) for injuries or medical aid situations.

Call 9-1-1, if you have an immediate emergency such as a fire or serious injury.

Assist injured with First Aid treatment.

The students and staff shall remain in the duck and cover position for at least two (2) minutes.

The fire alarm will be activated when it is safe to evacuate the building.

Evacuation should NOT be automatic.

If you do not hear the fire alarm, signaling that it is safe to evacuate, and are in an unsafe classroom (ceiling has collapsed, wires are crackling, broken glass is all over the floor), have another teacher watch your students and find the safest evacuation route. You may only need to move your class to another room.

Establish communications with your Supervisor, Principal or District office and follow emergency checklists and procedures. Checklists and Procedures are located in Section 8 of this binder.

Section 3: Disaster Procedures
--------------------------------

Part 6: Aircraft Crash
------------------------

## **Aircraft Crash**

If an aircraft falls near the school, the school office staff should call 9-1-1.

The Principal, Superintendent or Supervisor will determine which ACTION of those following, if any, should be implemented. (Action will depend on the size of the aircraft, nature of the crash, and its exact location.) If safe to be in building, ALL students should be kept in the building under supervision.

**WHEN NECESSARY, TEACHERS WILL TAKE IMMEDIATE ACTION FOR THE SAFETY OF STUDENTS WITHOUT WAITING FOR DIRECTIONS FROM THE SUPERINTENDENT/ PRINCIPAL/SUPERVISOR.**

When an airplane crash occurs and the impact scatters debris into a classroom, students and teachers should immediately crawl under their desk.

Assist any injured requiring First Aid treatment.

When the initial phase of the crash has ended, teachers and students should evacuate the building by following the normal evacuations procedures. If normal evacuations routes are blocked, alternate routes should be used.

Assist any persons who have physical problems evacuating the building.

When outside the building, each class moves quickly to a pre-designated location near the school. The meeting area should be at least 300 feet from the structure and out of the way of the fire department.

(NOTE: In the case of jet aircraft, minimum safe distance is 1,200 yards.)

All students and staff will be kept at a safe distance, upwind allowing for double explosion.

Teachers shall maintain control over the students for which they are responsible and report missing students to school office staff. Those not found will be reported to Fire and Law Enforcement Officials and the Search and Rescue Team.

The school's Principal or designee/Supervisor will go directly to entrances on the school site to direct all non-emergency traffic away from the buildings. Keep fire lanes, streets and walkways open for emergency responders.

The Principal or designee/Supervisor will follow the pre-established district communication procedures and will then monitor the emergency situation and make decisions about moving groups of students away from areas that might be dangerous.

Stay in assembly area and account for all personnel and students.

Do not return to buildings until authorized by the fire department or Principal/Supervisor.

Section 3: Disaster Procedures
--------------------------------

Part 7: Fire Procedures or Explosion (on campus) / Wild Land Fire Procedures
--

## **Campus Fire Procedures**

The school's office staff will call 9-1-1.

The school's Principal, supervisor or designee will go directly to entrances on the school site to direct all non-emergency traffic away from the buildings.

The Principal, supervisor or designee will follow the district communication procedures and will then monitor the emergency situation and make decisions about moving groups of students away from areas that might be dangerous.

In the event of an explosion at the school, or the threat of an explosion--such as those caused by leaking gas or a faulty boiler--the Principal, Supervisor or designee will determine what action should be taken.

**WHEN NECESSARY, TEACHERS WILL TAKE IMMEDIATE ACTION FOR THE SAFETY OF STUDENTS WITHOUT WAITING FOR DIRECTION FROM THE PRINCIPAL, SUPERVISOR OR DESIGNEE.**

## **Explosion:**

- Teachers will direct students to **DUCK, COVER AND HOLD ON.**
- If the explosion occurred in the building, the teachers should immediately take attendance and ready students for evacuation.
- Staff will activate the fire alarm. This will initiate the evacuation process.
- Teachers will be moved to an area of safety and maintain control of students.
- The First Aid Team and appropriately trained staff may render first aid if necessary.
- Notify Liberty Energy and Frontier Communications of a break/suspected break in the line. Liberty: (800) 782-2506 and/or Frontier: (800) 541-7950
- Teachers will take roll to ensure that all students are present in evacuation area. Supervisors will determine if all members of their department are present and accounted for. The names of any missing students or staff members will be provided to the Search and Rescue Team.
- The Supervisor will direct further action as necessary.
- Students and staff should not return to the school or building until Fire Department officials declare the area safe and the ALL CLEAR signal has been given.

The meeting area should be at least 300 feet from the structure and out of the way of the fire department.

If the fire is off site, wait for instructions from the Superintendent or District Emergency Operations Center (EOC).

If evacuation by bus is determined to be necessary, busses will transport students to safety to Hung-A-Lel-Ti Wellness Center, Carson Valley Swim Center or Turtle Rock Park for reunification with families.

Only trained personnel should operate fire extinguishers or other fire suppression systems.

### **Wild Land Fire Procedures**

In the event the school or district is advised of a nearby wild land fire:

- Principal or designee will announce that all students be brought to the gym to shelter in place.
- Gym tables will be lowered and each class will sit at a designated table for roll call and further instructions.
- School Office will advise transportation department to stage busses in front of the school for evacuation.
- County Incident Command or their designee will advise when and if to evacuate.
- If advised to evacuate, school office staff will ask Sheriff's department for Reverse 911 to be activated, stating which evacuation location will be used.
- If evacuation is necessary, teachers will walk students from the gym onto busses and take roll before busses depart.
- Busses will take students to the reunification area deemed safe by fire officials or their designee. Reunification sites are either Turtle Rock Park, Hung-A-Lel-Ti community or the Carson Valley Swim Center.
- School staff may either ride the busses with students or follow the busses in their personal vehicles.
- Teachers will meet busses at evacuation location, assemble their students and take roll again.

Part 8: Flood Procedures
--------------------------

## **Flood Procedures:**

If a flood warning is received by a District school or site, notify the District Superintendent immediately.

If a major flood warning is received at the District Office, the District ICS should be activated.

The Principal will follow the pre-established district communication procedures and will then monitor the emergency situation and make decisions about moving groups of students away from areas that might be dangerous.

Determine if the flow or pool of water is increasing in size near any classroom, assembly, or evacuation area. If so, consider moving classroom, assembly, or evacuation area to an alternate area.

Safe shelter should be maintained throughout the flood period.

Evacuation of specific schools, facilities or areas will be directed by the District ICS in coordination with SEMS/NIMS.

Section 3: Disaster Procedures
--------------------------------

Part 9: Lockdown/Civil Unrest Procedures
--

## **Lockdown/Civil Unrest Procedures**

Any threatening disturbance should be reported immediately to the Principal/Administrator/Site Supervisor.

If the disturbance is affecting normal school or facility operations, the Principal/Administrator/Site Supervisor should notify law enforcement authorities immediately.

As necessary, alert all site employees of the situation by intercom, Site staff must follow the instructions below:

Civil disobedience is defined as any assemblage on the school premises by unauthorized persons whose purpose and conduct is antagonistic with the orderly conduct of the school and the laws relating to the conduct of schools and the welfare of students. The major purpose is to keep school personnel and students from undue exposure to danger; therefore, every effort will be made to keep classes within their rooms.

If you are inside:

- Notify Law Enforcement Agency of situation and request assistance.
- Upon the receipt of an alert, the office staff will proceed to lock and secure all exterior doors, and remove trash containers and other burnable items from public access.
- Teachers will be directed to lock and close their classroom doors.
- Notify Superintendent of situation.
- Upon command from the Principal or Superintendent, all faculty members will keep their students within their locked classrooms until further notice regardless of the schedule.
- The teacher must remain in charge utilizing the best judgment in occupying the students within the classroom.
- Darkening drapes and venetian blinds should be closed in rooms so equipped.
- Any other precautions should be taken to protect personnel from flying glass should the windows be broken.
- When there is any evidence of a potential problem, classes outside will immediately return to classrooms.
- Should a disturbance enter the building itself, the office staff should be prepared to move.
- Accurate record of events, conversations and actions, should be kept.
- Assign staff members to assist nurse as necessary.
  
- Superintendent should proceed in good judgment on basis of Sheriff or other legal advice, in taking action to eliminate the situation.

## **Reminders:**

Principal and staff must follow all instructions given by responding law enforcement.

# Comprehensive School Safety Plan

Section 3: Disaster Procedures
--------------------------------

Part 10: Severe Windstorm Procedures
--------------------------------------

## **Severe Windstorm Procedures:**

If a severe wind warning is received at a school or other District site, notify the District Superintendent immediately.

If a severe wind warning is received at the District Office, the District ICS should be activated.

In general, if severe winds are affecting a school or facility, employees and students should be moved to the interior core area of the building (inside wall on the ground floor) away from outside windows and doors.

Close all windows and blinds and avoid auditoriums, gymnasiums and other building locations with free-span roofs.

## **Procedures:**

The U.S. Weather Bureau can usually forecast severe windstorms with a high degree of accuracy. If time and conditions permit, student dismissal may be implemented prior to an emergency. However, if high winds develop during school hours with little or no warning, the Superintendent will determine which ACTION, if any, should be implemented.

- Any release of students will be coordinated by the Student Release Team at the direction of the Principal and Superintendent. Any release of students from school other than at normal dismissal times or bus routes and times will be conducted in an organized manner. If parents are not available to pick up the child or no one is available at home then students will be kept in a safe area until such parental contact can be made. A written record of all students released to parents/guardians shall be maintained during a severe windstorm emergency.
- Students and staff should be assembled inside shelters or buildings.
- Close windows and blinds, where applicable.
- Remain near an inside wall.
- Avoid auditoriums, gymnasiums, and other structures with large roof spans.
- Evacuate meeting rooms or offices bearing full force of the wind.
- Keep tuned to a local radio station for the latest advisory information.
- Teachers will take roll to ensure that all students are present. Supervisors will determine if all members of their department are present and accounted for. The names of any missing students or staff members will be provided to the Search and Rescue Team.
- Notify Liberty Energy Co. (800) 782-2506 and Frontier Communications (800) 541-7950 of break or suspected break in utility or telephone lines.
- Notify Superintendent, if not already done.

## **Reminder:**

Avoid all areas that have large concentrations of electrical equipment or power cables.

Section 3: Disaster Procedures
Part 11: Suspicious Mail/Packages

## **Suspicious Mail/Packages:**

All incoming mail and packages should be handled with caution.

Below are Indicators of suspicious mail and steps to take in the event that suspicious mail is received.

Mail that ...

- ... is unexpected or from an unfamiliar source
- ... has excessive postage
- ... is addressed to someone who no longer works in the District
- ... is addressed to a current employee but with the wrong title
- ... contains several misspelled words on the envelope
- ... marked with restrictive endorsements such as "Personal" or "Confidential"
- ... has no return address or an address that cannot be verified
- ... mail that is from a foreign country
- ... shows a city or state in the postmark that doesn't match the return address
- ... is lopsided, oddly shaped, or has an unusual weight, given its size
- ... has protruding wires, strange odors or stains
- ... has powdery substance on the outside
- ... has an unusual amount of tape on it
- ... is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so it is important that employees handling mail remain sensible in the screening of mail. However, prudent scrutiny conducted in a reasonable manner can greatly reduce the school's chances of becoming the victim of attack by mail.

## **What to do with suspicious mail (general response):**

- Do not try to open the package or envelope.
- Do not sniff, taste or shake the package.
- Isolate the package.
- Evacuate the immediate area; close the door.
- Contact your supervisor and call 911.

## **Response to mail suspected of delivering biological/chemical agents in powder form:**

- Do not open an envelope or package with powder on the outside.
- If powder is spilled from an envelope or package, do not try to clean up the powder.
- Cover the spilled contents immediately with anything (clothing, paper, trash can).
- Do not remove this cover.
- Leave the room and close the door or otherwise prevent access to the room.
- Wash your hands with soap and hot water.
- Ensure that everyone who had contact with the piece of mail washes his/her hands with soap and hot water.
- Notify your supervisor.

- Supervisor should immediately contact the local Sheriff (911) and the U.S. Postal Inspection Service National Emergency Hotline 1-888-363-7462 and Reno, NV inspector (775) 328-6042.
- Supervisor should notify the District Superintendent's Office.
- Remove heavily contaminated clothing as soon as possible and place inside a plastic bag or some other container that can be sealed. This clothing should be given to the responding emergency response units.
- Shower with soap and water as soon as possible. Do not use bleach or other disinfectant on your skin.
- Make a list of all the people who were in the room or area, especially those who had contact with the envelope or package. Provide this list to the emergency response teams investigating the incident.
- Investigators will remove the envelope or package and conduct a thorough check of the area for contamination.
- If you are prescribed medicine as a result of this exposure, take it until instructed or until it runs out.

Part 12: Medical Emergency
----------------------------

## **Medical Emergency:**

In the event of a medical emergency involving a staff member, or student the following procedures shall be followed.

- A member of the staff or student should immediately get help by contacting the nurse or Principal.
- The school's office staff will call 9-1-1.
- A staff member who is certified in first aid should assist the nurse in the medical emergency.
- Leave injured person where they are (unless unsafe) and stabilize so that movement is limited.
- The school's office staff will notify the parent(s), legal guardian(s) of the medical emergency.

## **Reminders:**

- If the student *has not* been transported to the hospital let the parent decide whether or not he/she wants the student taken to an emergency room and to which hospital he/she would like the student taken.
- Let the parent decide if he/she would rather come for the student and take him/her to the emergency room.
- If the student *has* been transported to the hospital assign a staff member to accompany the student to the hospital.
- Depending upon the nature of the medical emergency the news media may seek inquiries. The Principal can refer all media inquiries to the District's Public Information Officer.

Part 13: School Bus Route Emergency
-------------------------------------

## **School Bus Route Emergency:**

In the event of an emergency during the time a school bus is en route the driver will contact the District Office to report the bus location, number of students, describe the emergency situation and receive direction on how to proceed with the transportation. The District Office will communicate the information to the Superintendent and Principal. The District Office will follow the communication procedures outlined in this CSSP.

## **School Bus “Field Trip” Emergency:**

The following steps should be taken during a field trip.

- Student authorization release forms should be kept on file in the school’s main office. Before a bus leaves with the students a list of riders for each bus will be left at the school. Riders are informed of their expectation to travel on the bus they are assigned (or the one in which roll is taken from).
- A copy of the list is given to the chaperones.
- Teachers will take roll prior to the bus departure.
- If an accident occurs while en route,
  1. The driver will contact the Director of Transportation informing the director of the accident, location, and number of students on board.
  2. The chaperone and/or teacher will contact emergency personnel if emergency medical treatment is needed.
  3. The chaperone and/or teacher will contact the Principal informing the Principal of the accident and any emergency care.
  4. The Principal will contact the Superintendent of the bus accident and communicate any the names of any faculty or student who is receiving emergency care.
  5. In the event emergency care is given, the Principal will contact the chaperone/teacher or student’s primary contact. The Principal will also use the rider list to notify parents of the accident.

## **School Bus Natural Disaster Emergency:**

### **Driver Instructions:**

- During or after the quake or incident, stop the bus in as safe a place as possible. (Note: If on a steep road, the outside shoulder may give way.)
- Assess students for injury and reassure students who might be emotionally upset. If there are any injuries, render first aid.
- Assess bus for damage.
- Do not go for help, stay with the bus. Keep all students on the bus.
- Take roll using emergency cards. Write students' names on log sheet.
- Students may only be released to school administrators, law enforcement, parents and individuals designated by parents to receive the student. If a student is released to any of the above, please note time, location and to whom the student was released.
- If students are picked up later, add them to your log sheet.
- Use log sheet to record all major discussions.
- Before getting off the bus or allowing any student to get off, check for dangers such as downed power lines.
- Use radio to communicate location and situation.
- Have on hand a log sheet with student's names and other information such as injuries.
- Stay with bus and students until relieved of duty by school employee or public officials.

### **WHEN UNABLE TO MOVE BUS DUE TO INJURIES, DAMAGE TO BUS, OR DAMAGE OR BLOCKAGE OF ROADWAY(S):**

- Do not leave bus unless you have determined that the bus itself poses a dangerous situation such as hanging off of a roadway.
- If forced to remain in one spot for a while, you may allow students to get off the bus in pairs to take care of toilet needs.

### **IF THE BUS CAN BE MOVED SAFELY AND YOU ARE ON "PICK-UP" RUN:**

- Proceed with extreme caution at low speeds and you must assess the roadway for damage and blockage.
- Continue on your route, if possible, taking detours only if absolutely necessary. Notify the District Office/School Office before taking a detour.
- Pick up all children on your run.
- Overloads are all right in cases of emergency.
- After completing your run you may go back over the run and pick up students who may still be at stops.
- Instruct adults to wait and announce that you will attempt to return to pick them up, if possible. An emergency disaster makes this possible.

### **IF THE BUS CAN BE MOVED AND YOU ARE ON THE "TAKE HOME" RUN:**

- Proceed with extreme caution at low speed because aftershocks may occur and you must assess the roadway for damage.
- Continue your route; if possible, taking detours only when absolutely necessary. Inform the District Office/School Office of any detours taken. If you can safely drive a student to their house and deliver them, you may do so.
- Let students off only when there is a parent to pick them up or you are sure someone is waiting at home.

- Release students only to known parents or guardians. Record who is taking them, where they are going and, if needed, that an adult other than above forces you to release the student. Log all students released: where, when, to whom, and where they are going.
- After completing run, return to school and report to the Principal. Inform the District Office of your actions and location.

Part 14: Dangerous Person on Campus- Lockdown School
--

## Emergency Procedures- Dangerous Person on Campus

### Signage:

All public schools are required by California Penal Code Title 15, Chapter 1.1 § 627, to post signs at points of entry to their campuses or buildings from streets and parking lots. The following statement should be used on signage:

**“All visitors entering school grounds on school days must register at the main office. Failure to do so may constitute a misdemeanor. Penal Code 627.2”**

### Lock Down School:

- As soon as a decision is made to lock down the school, administration will call 9-1-1.
- Lock Down announcement will be made by PA system
- Where there are no bells or PA systems, administration or counselors will act as runners to notify staff of lock-down within their own building.
- 

**There are three lockdown codes at ACUSD:**

- i. **Soft** Lock Down-Used when there is a minor emergency in the building with no danger to students or staff or **can** be used when there's a danger in the surrounding community, i.e. police searching for a criminal suspect in the area
- ii. **Hard** Lock Down- Used when there's a direct threat to the school or in the immediate area of the school
- iii. **Run, Hide, Fight**-Active Shooter has gained entrance to the building.

### If students are in class at the time of the signal,

#### **Staff will:**

- Explain that there is an emergency;
- Lock the classroom doors.
- Have students move to the safest location in the room away from windows and doors.
- Close blinds and take any possible precautions to protect others from possible broken glass.
- Remain locked in classrooms and offices until advised to move personally by Administration or Public Safety Officer or ALL CLEAR signal is given.

#### **Administration will:**

- Act with school office staff to check locks on all exterior doors and classroom doors.
- Designate a person (an administrator, if possible) to coordinate with Public Safety Personnel at their command post.
- Make sure that a site map and key set are available to Public Safety Personnel.
- The Public Information Officer will be available to deal with the media/press.
- Law enforcement personnel will deal with bystanders to keep site clear of visitors.

**If students are not in class at the time of the signal:**

Teachers will:

- Assist administration in moving students into the nearest safe building available.
- Lock doors of room if possible. If lock is on the outside of the door, rubber door stops can be placed behind doors to secure.
- Remain with students to maintain order.
- Keep students in a safe area until advised personally by Administration or Public Safety Personnel to move or there is an all clear signal.
- Avoid, if possible, large open areas such as the library, gym, lawns or parking lots.

**Administration will:**

- Work with staff to move students into the nearest safe building available.
- Act with school office staff to check locks on all exterior doors and classroom doors.
- Coordinate with Public Safety Personnel at the command post.
- Make sure that a site map and key set are available to Public Safety Personnel.  
ALL CLEAR signal will be given after consultation with the Senior Law Enforcement Officer on the scene or a personal notification by the Superintendent.

Dissemination of information about specific site procedures:

- Staff handbook and discussion at staff meeting.
- Substitute folders.
- Drill at least once a year. It is recommended that Law Enforcement be present for the drill to help monitor and improve performance.

**Recommendation:** Students should be aware in advance that there will be severe consequences for failure to cooperate with administration or staff during an emergency or drill.

Part 15: Active Shooter on Campus
-----------------------------------

## Emergency Procedures- Active Shooter on Campus

### Lock Down School for Dangerous Person with a weapon Outside:

- Follow procedures for Dangerous Person on campus and lock down

If the situation progresses to an Active Shooter who gains entrance to the building:

- **Front office staff who see or hear the shooter enter the building shall announce “RUN, HIDE, FIGHT for Active Shooter” over the PA and/or on the phone system. Feature 60, Sets “All”, speak into phone.**
- **Teachers will determine whether to Run, Hide or Fight according to where they believe the shooter is in the building and follow the procedures practiced during these drills.**
- **If evacuation is possible, this is the best option and should always be considered first.**
- **If evacuation is too dangerous, teachers will lock down in their rooms, barricade the doors, shut the blinds and hide the students in the safest area away from doors and windows.**
- **If an active shooter gains entrance to the room, staff members will be prepared to attempt to subdue the shooter by predetermined means and evacuate children.**

## Diamond Valley Elementary School Keyless Entry Procedures

All Diamond Valley Elementary School staff will have access to all doors at all times.

A combination of access fobs and cards are issued. FOBs are used exclusively on access control system doors.

Individual door access control locks are battery powered and not impacted by power failure. The unlock/lock schedule for the front entrance door is designed to meet District and school safety and security needs.

Once the lockdown system has been initiated, the only way to access the building is through the use of a privileged fob/card.

When a lockdown situation arises, a designated District Site Administrator will activate the lock down system within the access control system

The location of the lock down switch is known to administration. The lock down will be initiated by pulling down the switch. Returning the switch to starting position will not restore the system.

The restore system process will be through the use of privileged fobs/cards and the access control system software. All privileged fobs/cards are secured. Below is a list of the locations/individuals that are assigned privileged fobs/cards.

1. KnoxBox
2. All currently employed ACSO officers
3. District Office

## Emergency Procedures -- All Dangerous Animals

- If animal is outside, keep or move students inside.
- If animal is inside, keep students outside or in some other sheltered area.
- Call 9-1-1.
- If animal injures someone, call the School Nurse, the parent, and the County Health Department.

## Mountain Lion and Black Bear Procedures

It is not unusual to see wild animals on the playground during school hours. Mountain lions are more likely to be seen at dusk (during after school program hours) and at dawn. We live where mountain lions are common-everyone should know what to do if one is sited on campus.

### If a mountain lion is sited and no students are outdoors:

- Announce over the PA system that all students and staff are to remain indoors until further notice. Notify staff in other buildings on campus of the situation. Tell them to remain indoors until further notice.
- Call the Alpine County Sheriff's Office. Ask them to notify Fish and Game that a lion has been sited on campus.
- Wait for clearance from Alpine County Sheriff's personnel on campus or Fish and Game on campus before allowing students or staff outside.
- Notify staff in other buildings on campus when clearance is given.

### If a mountain lion is sited when students are outdoors:

- All staff (aides, teachers, other staff supervising students) blow long blasts on a whistle.
- Tell students to **WALK TO CLASS NOW** between blasts on whistle.
- Staff closest is to run aggressively toward any children in danger, tell children to **FREEZE**. Look as large as possible, wave your hands over your head, yell loudly; sound mean with a low voice. Get children behind you and then back away slowly continuing to look large, wave hands, and yell loudly.

### If a student encounters or sites a mountain lion:

- **Stop! Look as large as possible, raise your hands over your head and clap.**
- **Yell loudly and sound mean, not high-pitched.**

- **Back away slowly- DO NOT RUN- DO NOT TURN YOUR BACK!**
- **If you are ever attacked by a lion, fight back, do not play dead.**
- **If you are ever attacked by a black bear, curl up and protect your stomach and head, play dead.**

Section 4: Notification of Dangerous Pupils
---

Part 1: Notifying Teachers of Dangerous Pupils
--

## **Notifying Teachers of Dangerous Pupils:**

When the Principal is aware that a student has caused or tried to cause another person serious bodily injury, or any injury that requires professional medical treatment, a separate and confidential file is created for that child. Information based upon written District records or records received from a law enforcement agency are contained in the file.

When such a student is assigned to a teacher's classroom, the Principal shall provide the teacher with written notification. The teacher is asked to review the student's separate and confidential file in the office. Teachers are informed that such information is to be kept in strictest confidence and is to disseminate no further.

Excerpts from the California Education Code and the California Penal Code are presented below.

From California Education Code Section 49079

- A School District shall inform the teacher of every student who has caused or who has attempted to cause serious bodily injury to another person, as defined in paragraphs (5) and (6) of subdivision (e) of Section 243 of the Penal Code, to another person. The District shall provide the information to the teacher based on any written records that the District maintains or receives from a law enforcement agency regarding a student described in this section.
- No School District shall be liable for failure to comply with this section if, in a particular instance, it is demonstrated that the district has made a good faith effort to notify the teacher.
- The information provided shall be from the previous three (3) school years.
- Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

From California Penal Code Section 243(e) – Paragraphs 5 and 6

- ... "Injury" means any physical injury, which requires professional medical treatment.
- ... "Custodial Officer" means any person who has the responsibilities and duties and who is employed by a law enforcement agency of the city or county or who performs those duties as a volunteer.

The Superintendent or designee shall inform the teacher of every student who has engaged in, or is reasonably suspected to have engaged in, any act during the previous three years, which could constitute grounds for suspension or expulsion, with the exception of the possession or use of tobacco products. This information shall be based upon written district records or records received from a law enforcement agency. (California Education Code 49079).

When informed pursuant to Welfare and Institutions Code 828.1 that a student has committed crimes unrelated to school attendance which do not therefore constitute grounds for suspension or expulsion, the Superintendent or designee may so inform any teacher, counselor or administrator whom he/she believes needs this information in order to work with the student appropriately, avoid being needlessly vulnerable, or protect others from needless vulnerability. The Superintendent or designee shall consult with the Principal of the school, which the student attends in order to identify staff that should be so informed. (California Welfare and Institutions Code 828.1).

Teachers shall receive the above information in confidence and disseminate it no further. (California Education Code 49079, California Welfare and Institutions Code 828.1).

The Principal or designee shall maintain the above information in a separate confidential file for each student. When such a student is assigned to a class/program, the Principal or designee shall notify the teacher in writing and ask the teacher to initial this notice, return it to the Principal or designee, and review the student's file in the school office. This notification shall not name or otherwise identify the student.

The Principal or designee shall notify all personnel who are likely to come into contact with the student, including the student's homeroom or classroom teachers, special education teachers, coaches, counselors, classroom aides and bus drivers.

The teacher shall initial the student's file when reviewing it in the school office. Once the district has made a good faith effort to comply with the notification requirement of Education Code 49079, a teacher's failure to review the file may be construed as a waiver of the district's liability.

## **Board Policy** **Dress And Grooming**

BP 5132

### **Students**

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

(cf. 5145.2 - Freedom of Speech/Expression)

Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5136 - Gangs)

### **Uniforms**

Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the

school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. (Education Code 35183)

(cf. 4119.21/4219.21/4319.21 - Professional Standards)  
(cf. 5145.7 - Sexual Harassment)

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)

(cf. 3515.3 - District Police/Security Department)

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code 44807)
4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of a student (Education Code 49001)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

#### Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05, 11167)

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

#### Victim Interviews by Social Services

Whenever the Department of Social Services or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the student. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. (Education Code 48906)

(cf. 5145.11 - Questioning and Apprehension by Law Enforcement)

## Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

(cf. 1312.1 - Complaints Concerning District Employees)

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

(cf. 1312.3 - Uniform Complaint Procedures)

The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)

Part 3: Suspension and Expulsion
----------------------------------

## Board Policy

### Suspension And Expulsion/Due Process

BP 5144.1

#### Students

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5131.2 - Bullying)

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or another school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus

(cf. 5112.5 - Open/Closed Campus)

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Appropriate Use of Suspension Authority

Except when a student's act violates Education Code 48900(a)-(e), as listed in items #1-5 under "Grounds for Suspension and Expulsion: Grades K-12" of the accompanying administrative regulation, or when his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5, 48900.6)

(cf. 1020 - Youth Services)  
(cf. 5138 - Conflict Resolution/Peer Mediation)  
(cf. 5144 - Discipline)

(cf. 6164.2 - Guidance/Counseling Services)  
(cf. 6164.5 - Student Success Teams)

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

No student may be suspended for disruption or willful defiance, except by a teacher pursuant to Education Code 48910. (Education Code 48900)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

(cf. 5113 - Absences and Excuses)  
(cf. 5113.1 - Chronic Absence and Truancy)

#### On-Campus Suspension

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

#### Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

1. Possessing a firearm which is not an imitation firearm, as verified by a certificated employee, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

(cf. 5131.7 - Weapons and Dangerous Instruments)

2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person

6. Possessing an explosive as defined in 18 USC 921

For all other violations listed in the accompanying administrative regulation under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12," the Superintendent or principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in an open session of a Board meeting.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

No student shall be expelled for disruption or willful defiance. (Education Code 48900)

#### Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and/or expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

#### Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and 48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each

expulsion, and the disposition of the students after the expulsion period.

In presenting the report to the Board, the Superintendent or designee shall disaggregate data on suspensions and expulsions by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, students with disabilities, foster youth, and homeless students. Based on the data, the Board shall address any identified disparities in the imposition of student discipline and shall determine whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

#### Suspension from Class by a Teacher

A teacher may suspend a student, including a grade K-3 student, from class for the remainder of the day and the following day for disruption, willful defiance, or any of the other acts specified in Education Code 48900 and listed as items #1-18 under "Grounds for Suspension and Expulsion: Grades K-12" above. (Education Code 48910)

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was suspended. (Education Code 48910)

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

#### Suspension by Superintendent, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate

as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c))

The Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain the documentation in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)

#### Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

(cf. 6184 - Continuation Education)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

#### Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference

conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, including the other means of correction that were attempted before the suspension as required pursuant to Education Code 48900.5, and the evidence against him/her, and shall be given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. **Notice to Parents/Guardians:** At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school.

4. **Parent/Guardian Conference:** Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. **Extension of Suspension:** If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)

a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

b. The Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

c. If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

(cf. 6173.1 - Education for Foster Youth)

d. If the student involved is a homeless child or youth, the Superintendent or designee shall notify the district liaison for homeless students. (Education Code 48918.1)

(cf. 6173 - Education for Homeless Children)

In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

#### Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12" above and within the limits specified under "Suspension by Superintendent, Principal, or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

## On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (Education Code 48911.1)

## Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

## Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

### Stipulated Expulsion

After a determination that a student has committed an expellable offense, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student and his/her parent/guardian shall be effective upon approval by the Board.

### Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a

copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

#### Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment

This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

AR 5144.1(n)

SUSPENSION AND EXPULSION/DUE PROCESS (continued)

6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

#### Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students

If the student facing expulsion is a foster student, the Superintendent or designee shall also send notice of the hearing to the student's attorney and a representative of an appropriate child welfare agency at least 10 days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a homeless student, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

#### Conduct of Expulsion Hearing

1. **Closed Session:** Notwithstanding Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated. (Education Code 48918)

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, a videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. **Record of Hearing:** A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. **Subpoenas:** Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave

rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion: Grades K-12" and "Additional Grounds for Suspension and Expulsion: Grades 4-12" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted in

accordance with Penal Code 868.5.

f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness

(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours

(c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by his/her parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

#### Final Action by the Board

Whether the expulsion hearing is conducted in closed or open session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

#### Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

#### Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to

a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)

2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)

3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)

4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)

5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)

6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))

7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

### Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

### Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which

may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

### Placement During Expulsion

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

### Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.

2. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.
3. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
4. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
5. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
6. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

#### Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

(cf. 5119 - Students Expelled from Other Districts)

Regulation ALPINE COUNTY UNIFIED SCHOOL DISTRICT  
approved: April 10, 2018 Markleeville, California

# **Administrative Regulation**

## **Suspension And Expulsion/Due Process (Students With Disabilities)**

AR 5144.2

### **Students**

A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

### **Suspension**

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

(cf. 6159 - Individualized Education Program)

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
  - a. The series of removals total more than 10 school days in a school year.
  - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
  - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the

student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in

another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (Education Code 48915.5)

(cf. 3541.2 - Transportation for Students with Disabilities)

#### Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the

goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

#### Manifestation Determination

The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the student's parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a. Caused by or had a direct and substantial relationship to the student's disability

b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student's conduct shall then be determined to be a manifestation of his/her disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the student's conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: When it has been determined that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student's IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. (20 USC 1415(k)(1)(D); 34 CFR

300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

#### Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

#### Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

#### Decision Not to Enforce Expulsion Order

The Governing Board's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

#### Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to

certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian. (Education Code 49076)

(cf. 5131.7 - Weapons and Dangerous Instruments)

#### Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

#### Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

# Comprehensive School Safety Plan

Section 6: Board Policies & Administrative Regulations
--

Part 4: Sexual Harassment
---------------------------

## Board Policy

### Sexual Harassment

BP 5145.7

#### Students

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The coordinator/compliance officer(s) may be contacted at:

Business Manager  
43 Hawkside Drive  
Markleeville, CA 96120  
(530) 694-2495

(cf. 1312.3 - Uniform Complaint Procedures)

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature made against another person of the same or opposite sex in the educational setting, under any of the following conditions: (Education Code 212.5; 5 CCR 4916)

1. Submission to the conduct is explicitly or implicitly made a term or condition of a student's academic status or progress.
2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

(cf. 5131 - Conduct)

(cf. 5131.2 - Bullying)

(cf. 5137 - Positive School Climate)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions

2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual's body or overly personal conversation
4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sexual rumors

11. Sexual assault, sexual battery, or sexual coercion
12. Electronic communications containing comments, words, or images described above

Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

#### Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal

written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

#### Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)  
(cf. 5125 - Student Records)

#### Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class

taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

#### Notifications

A copy of the district's sexual harassment policy and regulation shall:

1. Be included in the notifications that are sent to parents/guardians at the beginning of each school year (Education Code 48980; 5 CCR 4917)

(cf. 5145.6 - Parental Notifications)

2. Be displayed in a prominent location in the main administrative building or other area where notices of district rules, regulations, procedures, and standards of conduct are posted (Education Code 231.5)

## SECTION 32280-32289

32280. It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security

Departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

32281. (a) Each school district and county office of education is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The school site council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

(C) One parent whose child attends the school.

(D) One classified employee who is a representative of the recognized classified employee organization.

(E) Other members, if desired.

(3) The school site council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.

(4) In the absence of a school site council, the members specified in paragraph (2) shall serve as the school safety planning committee.

(c) Nothing in this article shall limit or take away the authority of school boards as guaranteed under this code.

(d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each school site.

(2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.

(e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the school site of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be

sent no later than the end of business on the second regular work day after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

(2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1). 32282. (a) The comprehensive school safety plan shall include, but not be limited to, both of the following:

(1) Assessing the current status of school crime committed on school campuses and at school-related functions.

(2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:

(A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code.

(B) Disaster procedures, routine and emergency, including adaptations for pupils with disabilities in accordance with the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.). The disaster procedures shall also include, but not be limited to, both of the following:

(i) Establishing an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. A district or county office may work with the California Emergency Management Agency and the Seismic Safety Commission to develop and establish the earthquake emergency procedure system. The system shall include, but not be limited to, all of the following:

(I) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of pupils and staff.

(II) A drop procedure whereby each pupil and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.

(III) Protective measures to be taken before, during, and following an earthquake.

(IV) A program to ensure that pupils and both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system.

(ii) Establishing a procedure to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The district or county office shall cooperate with the public agency in furnishing and maintaining the services as the district or county office may deem necessary to meet the needs of the community.

(C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27.

(D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.

(E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.

(F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. Any schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For the purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.

(G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.

(H) A safe and orderly environment conducive to learning at the school.

(I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.

(J) Hate crime reporting procedures pursuant to Chapter 1.2 (commencing with Section 628) of Title 15 of Part 1 of the Penal Code.

(b) It is the intent of the Legislature that schools develop comprehensive school safety plans using existing resources, including the materials and services of the partnership, pursuant to this chapter. It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety.

(c) Grants to assist schools in implementing their comprehensive school safety plan shall be made available through the partnership as authorized by Section 32285.

(d) Each school site council or school safety planning committee in developing and updating a comprehensive school safety plan shall, where practical, consult, cooperate, and coordinate with other school site councils or school safety planning committees.

(e) The comprehensive school safety plan may be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year, to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

(f) The comprehensive school safety plan, as written and updated by the school site council or school safety planning committee, shall be submitted for approval under subdivision (a) of Section 32288.

32282.5. (a) The department shall electronically distribute disaster preparedness educational materials and lesson plans that are currently available to school districts and county offices of education.

(b) The department shall ensure that the disaster preparedness materials are available in at least the three most dominant primary languages spoken by English learners in California, according to the language census.

(c) The department shall coordinate with the California Emergency Management Agency to make sure that all materials are reviewed and updated annually.

32283. The Department of Justice and the State Department of Education, in accordance with Section 32262, shall contract with one or more professional trainers to coordinate statewide workshops for school districts, county offices of education, and school site personnel, and in particular school principals, to assist them in the development of their respective school safety and crisis response plans. The Department of Justice and the State Department of Education

shall work in cooperation with regard to the workshops coordinated and presented pursuant to the contracts. Implementation of this section shall be contingent upon the availability of funds in the annual Budget Act.

32284. The comprehensive school safety plan may also include, at local discretion of the governing board of the school district and using local funds, procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. No funds received from the state may be used for this purpose.

32285. (a) The governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans. The partnership shall award grants for school safety plans that include, but are not limited to, the following criteria:

(1) Assessment of the recent incidence of crime committed on the school campus.

(2) Identification of appropriate strategies and programs that will provide or maintain a high level of school safety.

(3) Development of an action plan, in conjunction with local law enforcement agencies, for implementing appropriate safety strategies and programs, and determining the fiscal impact of executing the strategies and programs. The action plan shall identify available resources which will provide for implementation of the plan.

(b) The Superintendent of Public Instruction shall award grants pursuant to this section to school districts for the implementation of individual school safety plans in an amount not to exceed five thousand dollars (\$5,000) for each school. No grant shall be made unless the school district makes available, for purposes of implementing the school safety plans, an amount of funds equal to the amount of the grant. Grants should be awarded through a competitive process, based upon criteria including, but not limited to, the merit of the proposal and the need for imposing school safety, based on school crime rates.

(c) Any school receiving a grant under this section shall submit to the Superintendent of Public Instruction verified copies of its school site crime report annually for three consecutive years following the receipt of the grant to study the impact of the implementation of the school safety plan on the incidence of crime on the campus of the school.

32286. (a) Each school shall adopt its comprehensive school safety plan by March 1, 2000, and shall review and update its plan by March 1, every year thereafter. A new school campus that begins offering classes to pupils after March 1, 2001, shall adopt a comprehensive school safety plan within one year of initiating operation, and shall review and update its plan by March 1, every year thereafter.

(b) Commencing in July 2000, and every July thereafter, each school shall report on the status of its school safety plan, including a description of its key elements in the annual school accountability report card prepared pursuant to Sections 33126 and 35256.

32287. If the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by this article, the superintendent shall do both of the following:

(a) Notify the school district or the county office of education in which the willful failure has occurred.

(b) Make an assessment of not more than two thousand dollars (\$2,000) against that school district or county office of education. This may be accomplished by deducting an amount

equal to the amount of the assessment from the school district's or county office of education's future apportionment.

32288. (a) In order to ensure compliance with this article, each school shall forward its comprehensive school safety plan to the school district or county office of education for approval.

(b) (1) Before adopting its comprehensive school safety plan, the school site council or school safety planning committee shall hold a public meeting at the school site in order to allow members of the public the opportunity to express an opinion about the school safety plan.

(2) The school site council or school safety planning committee shall notify, in writing, the following persons and entities, if available, of the public meeting:

(A) The local mayor.

(B) A representative of the local school employee organization.

(C) A representative of each parent organization at the school site, including the parent teacher association and parent teacher clubs.

(D) A representative of each teacher organization at the school site.

(E) A representative of the student body government.

32289. A complaint of noncompliance with the school safety planning requirements of Title IV of the federal No Child Left Behind Act of 2001, 20 U.S.C. Sec. 7114(d)(7), may be filed with the department under the Uniform Complaint Procedures as set forth in Chapter 5.1 (commencing with Section 4600) of Title 5 of the California Code of Regulations.

LEGISLATIVE COUNSEL'S DIGEST

AB 115, Jerome Horton. School safety.

Existing law makes each school district and county office of education responsible for the overall development of comprehensive school safety plans for schools operating kindergarten and any of grades 1 to 12, inclusive. Existing law requires the Superintendent of Public Instruction, upon determining that there is a willful failure to make any required report relating to a school safety plan, to notify the school district or county office of education in which the willful failure occurred and to make an assessment of \$500 against the school district or county office of education.

This bill authorizes the filing with the department of a complaint of noncompliance with the school safety plans under the Uniform Complaint Procedures, and would increase the penalty for a willful failure to make a report to \$2,000.

This bill would make other technical changes. This bill would incorporate additional changes in Section 35294.7 of the Education Code, proposed by SB 719 to be operative only if SB 719 and this bill are both enacted and take effect, and this bill is chaptered last.

*The people of the State of California do enact as follows:*

SECTION 1. Section 35294.7 of the Education Code is amended to read:

35294.7. If the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by this article, the superintendent shall do both of the following:

- (a) Notify the school district or the county office of education in which the willful failure has occurred.
- (b) Make an assessment of not more than two thousand dollars (\$2,000) against that school district or county office of education. This may be accomplished by deducting an amount equal to the amount of the assessment from the school district's or county office of education's future apportionment.

SEC. 1.5. Section 35294.7 of the Education Code is amended and renumbered to read:

32287. If the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by this article, the superintendent shall do both of the following:

- (a) Notify the school district or the county office of education in which the willful failure has occurred.
- (b) Make an assessment of not more than two thousand dollars (\$2,000) against that school district or county office of education. This may be accomplished by deducting an amount equal to the amount of the assessment from the school district's or county office of education's future apportionment.

SEC. 2. Section 35294.95 is added to the Education Code, to read:

35294.95. A complaint of noncompliance with this article may be filed with the department under the Uniform Complaint Procedures as set forth in Chapter 5.1 (commencing with Sections 4600) of Title 5 of the California Code of Regulations.

SEC. 3. Section 44276.1 of the Education Code is amended to read:

44276.1. (a) The Legislature finds and declares all of the following:

- (1) The educational mission of schools may be thwarted when school campuses are not safe, secure, and peaceful.
- (2) Effective school management can improve school safety and decrease violence and criminal behavior.
- (3) In many school districts and neighborhoods, violence and criminal behavior are increasingly frequent.
- (4) Teachers and other educators who are well prepared in principles of school safety may be able to mitigate, to some degree, the detrimental behavior of pupils and others on school campuses.

(b) Therefore, it is the intent of the Legislature that a comprehensive school safety plan be established pursuant to Section 35294.1 in order to achieve safe, secure, and peaceful school campuses. It is the further intent of the Legislature that the Commission on Teacher Credentialing adopt standards that address the principles of school safety in the preparation of future classroom teachers, school administrators, school counselors, and other pupil personnel service providers as a condition for licensing these prospective practitioners.

(c) Standards adopted by the commission pursuant to paragraph (3) of subdivision (b) of Section 44259, and pursuant to Sections 44266, 44270, 44277, and 44372, shall include the effective preparation of prospective classroom teachers, school administrators, school counselors, and other pupil personnel service providers in principles of school safety. In developing these standards, the commission shall consider, but is not limited to considering, the following principles of school safety:

(1) School management skills that emphasize crisis intervention and conflict resolution.

(2) Developing and maintaining a positive and safe school climate, including methods to prevent the possession of weapons on school campuses.

(3) Developing school safety plans.

(4) Developing ways to identify and defuse situations that may lead to conflict or violence. (d)

In developing standards relating to school safety, the commission shall consider the findings and recommendations of an advisory panel of experts on school violence.

(e) The commission shall allow an institution of postsecondary education to meet the standards developed by the commission relating to school safety by incorporating the principles of school safety in the program required by paragraph (3) of subdivision (b) of Section 44259.

(f) Implementation of subdivision (b) of this section as it applies to paragraph (3) of subdivision (b) of Section 44259 shall occur in conjunction with the review of requirements for earning and renewing multiple and single subject teaching credentials, as required by Section 44259.3.

(g) Instruction in principles of school safety shall be required of all candidates for credentials specified in Sections 44259, 44266, and 44270.

(h) A credential that was issued prior to January 1, 1994, shall remain in force as long as it is valid under the laws and regulations that were in effect on the date it was issued. The commission may not, by regulation, invalidate an otherwise valid credential, unless it issues to the holder of the credential, in substitution, a new credential authorized by another provision in this chapter that is no less restrictive than the credential for which it was substituted with respect to the kind of service authorized and the grades, classes, or types of schools in which it authorizes service.

(i) Notwithstanding this section, persons who were performing teaching, administrative, counseling, or other pupil personnel services as of January 1, 1994, pursuant to the language of this chapter that was in effect prior to that date, may continue to perform those services without complying with any requirements added by the amendments adding this section.

(j) The commission shall grant credentials based on the requirements for those credentials as of December 31, 1993, to candidates who, prior to the effective date of the commission's adoption of standards pursuant to this section, were in the process of meeting those credential requirements.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 35294.7 of the Education Code proposed by both this bill and SB 719. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2004, (2) each bill amends Section 35294.7 of the Education Code, and (3) this bill is enacted after SB 719, in which case Section 1 of this bill shall not become operative.

### **LEGISLATIVE COUNSEL'S DIGEST**

SB 719, Kuehl. School safety.

Existing law establishes the Interagency School Demonstration Act of 1985 (1985 School Safety Act) with the purpose of supporting state public schools as they develop their comprehensive safety plans. The 1985 School Safety Act establishes the School/Law Enforcement Partnership and requires the partnership to sponsor biennial regional conferences to identify programs and techniques that have been effectively utilized to reduce school crime. Existing law establishes an Interagency School Safety Cadre to facilitate interagency coordination and collaboration among specified agencies and provide training to the cadre representatives in enabling them to initiate and maintain safety programs. Existing law requires the partnership to evaluate and report to the Legislature on the effectiveness of the programs implemented pursuant to the 1985 School Safety Act. Existing law requires each school district and county office of education to develop a comprehensive safety plan for its schools operating any combination of kindergarten to grade 12, inclusive, and establishes the procedures to be used in developing these plans. This bill would recast and renumber these provisions. The bill would repeal and recast the provisions of the 1985 School Safety Act. The bill would, instead, require the partnership to sponsor at least 2 regional conferences to identify programs and techniques that have been effectively utilized to reduce school crime. The bill would additionally require the partnership to provide training to the cadre representatives to enable them to initiate and maintain safety programs. The bill would delete the requirement that the partnership evaluate and report to the Legislature on the effectiveness of the 1985 School Safety Act and would instead require the partnership to assess the effectiveness of these programs. The bill would make technical and conforming changes. This bill would incorporate additional changes in Section 35294.7 of the Education Code proposed by both this bill and AB 115, which would become operative only if AB 115 and this bill are both chaptered and become effective January 1, 2004, and this bill is chaptered last.

*The people of the State of California do enact as follows:*

SECTION 1. Section 32261 of the Education Code is amended to read:

32261. (a) The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on school campuses which are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

(b) The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and community problems of truancy and crime, including vandalism, drug and alcohol abuse, gang membership, gang violence, and hate crimes.

(c) It is the intent of the Legislature in enacting this chapter to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses, and that address the safety concerns of local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, school police, and other school employees interested in the prevention of school crime and violence.

(d) It is the intent of the Legislature in enacting this chapter to encourage school districts, county offices of education, law enforcement agencies, and youth-serving agencies to develop and implement interagency strategies, in-service training programs, and activities that will improve school attendance and reduce school crime and violence, including vandalism, drug and alcohol abuse, gang membership, gang violence, hate crimes, bullying, teen relationship violence, and discrimination and harassment, including, but not limited to, sexual harassment.

(e) It is the intent of the Legislature in enacting this chapter that the School/Law Enforcement Partnership shall not duplicate any existing gang or drug and alcohol abuse program currently provided for schools.

SEC. 2. Section 32262 of the Education Code is amended to read:

32262. (a) There is hereby established the School/Law Enforcement Partnership, comprised of the Superintendent of Public Instruction and the Attorney General. The duties of the partnership shall consist of all of the following:

(1) The development of programs and policies necessary to implement the provisions of Article 5 (commencing with Section 32280).

(2) The administration of safe school programs and all training, procedures, and activities conducted pursuant to this chapter.

(3) Cooperation with other states and state and federal agencies on matters relating to school safety.

(b) As used in this chapter, the term “partnership” means the School/Law Enforcement Partnership established by this section.

SEC. 3. Article 2 (commencing with Section 32270) of Chapter 2.5 of Part 19 of the Education Code is repealed.

SEC. 10. Section 35183 of the Education Code is amended to read:

35183. (a) The Legislature finds and declares each of the following:

(1) The children of this state have the right to an effective public school education. Both students and staff of the primary, elementary, junior and senior high school campuses have the constitutional right to be safe and secure in their persons at school. However, children in many of our public schools are forced to focus on the threat of violence and the messages of violence contained in many aspects of our society, particularly reflected in gang regalia that disrupts the learning environment.

(2) “Gang-related apparel” is hazardous to the health and safety of the school environment.

(3) Instructing teachers and administrators on the subtleties of identifying constantly changing gang regalia and gang affiliation takes an increasing amount of time away from educating our children.

(4) Weapons, including firearms and knives, have become common place upon even our elementary school campuses. Students often conceal weapons by wearing clothing, such as jumpsuits and overcoats, and by carrying large bags.

(5) The adoption of a schoolwide uniform policy is a reasonable way to provide some protection for students. A required uniform may protect students from being associated with any particular gang. Moreover, by requiring schoolwide uniforms teachers and administrators may not need to occupy as much of their time learning the subtleties of gang regalia.

(6) To control the environment in public schools to facilitate and maintain an effective learning environment and to keep the focus of the classroom on learning and not personal safety, schools need the authorization to implement uniform clothing requirements for our public school children.

(7) Many educators believe that school dress significantly influences pupil behavior. This influence is evident on school dress up days and color days. Schools that have adopted school uniforms experience a “coming together feeling,” greater school pride, and better behavior in and out of the classroom.

(b) The governing board of any school district may adopt or rescind a reasonable dress code policy that requires pupils to wear a schoolwide uniform or prohibits pupils from wearing “gang-related apparel” if the governing board of the school district approves a plan that may be initiated by an individual school’s principal, staff, and parents and determines that the policy is necessary for the health and safety of the school environment. Individual schools may include the reasonable dress code policy as part of its school safety plan, pursuant to Section 32281.

(c) Adoption and enforcement of a reasonable dress code policy pursuant to subdivision (b) is not a violation of Section 48950. For purposes of this section, Section 48950 shall apply to elementary, high school, and unified school districts. If a schoolwide uniform is required, the specific uniform selected shall be determined by the principal, staff, and parents of the individual school.

(d) A dress code policy that requires pupils to wear a schoolwide uniform shall not be implemented with less than six months’ notice to parents and the availability of resources to assist economically disadvantaged pupils.

(e) The governing board shall provide a method whereby parents may choose not to have their children comply with an adopted school uniform policy.

(f) If a governing board chooses to adopt a policy pursuant to this section, the policy shall include a provision that no pupil shall be penalized academically or otherwise discriminated against nor denied attendance to school if the pupil's parents chose not to have the pupil comply with the school uniform policy. The governing board shall continue to have responsibility for the appropriate education of those pupils.

(g) A policy adopted pursuant to this section shall not preclude pupils that participate in a nationally recognized youth organization from wearing organization uniforms on days that the organization has a scheduled meeting.

SEC. 11. The heading of Article 10.3 (commencing with Section 35294) of Chapter 2 of Part 21 of the Education Code is amended and renumbered, to read:  
Article 5. School Safety Plans

SEC. 12. Section 35294 of the Education Code is amended and renumbered to read: 32280. It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

SEC. 13. Section 35294.1 of the Education Code, as amended by Section 1 of Chapter 735 of the Statutes of 2002, is amended and renumbered to read:

32281. (a) Each school district and county office of education is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The school site council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

(C) One parent whose child attends the school.

(D) One classified employee who is a representative of the recognized classified employee organization.

(E) Other members, if desired.

(3) The school site council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.

(2) As used in this article, “small school district” means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.

(e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the school site of an elementary or secondary school at which he or she is the principal, the principal or the principal’s designee may send to each pupil’s parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular work day after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a “violent crime” shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

(2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1).

SEC. 14. Section 35294.2 of the Education Code is amended and renumbered to read:

32282. (a) The comprehensive school safety plan shall include, but not necessarily be limited to, the following:

(A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Title 1 of Part 4 of the Penal Code.

(D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.

(E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.

(F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing “gang-related apparel,” if the school has adopted such a dress code. For those purposes, the comprehensive school safety plan shall define “gang-related apparel.” The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment.

Any schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For the purposes of this paragraph, “gang-related apparel” shall not be considered a protected form of speech pursuant to Section 48950.

It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled “Safe Schools: A Planning Guide for Action” in conjunction with developing their plan for school safety.
- (c) Grants to assist schools in implementing their comprehensive school safety plan shall be made available through the partnership as authorized by Section 32285.
- (d) Each school site council or school safety planning committee in developing and updating a comprehensive school safety plan shall, where practical, consult, cooperate, and coordinate with other school site councils or school safety planning committees.
- (e) The comprehensive school safety plan shall be evaluated and amended, as needed, by the school safety planning committee no less than once a year to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.
- (f) The comprehensive school safety plan, as written and updated by the school site council or school safety planning committee, shall be submitted for approval under subdivision (a) of Section 32288.

## School Safety Checklist

### SITE CRISIS ASSESSMENT CHECKLIST

There may be hazards or obstacles in and around a school building that can increase potential for disaster or problems. There may be inadequate lighting in the lobby or parking lot or hidden problem areas such as an unused/little used stairs and/or supply closets. There may be places that provide access to the building such as rooftop access or places where perpetrators can hide.

The following checklist is designed to assist school personnel in conducting a self-analysis and to assist in the development of a comprehensive safe school plan.

(Complete a Site Assessment Checklist; send one copy to the District Office; keep one copy in your Emergency Binder)

The Principal, the School Safety Coordinator and Sheriff's Deputy should perform this assessment annually.
