To Whom It May Concern:

I am writing this letter of recommendation on behalf of Mr. Carl Adams, DSA Inspector of Record with whom WLC Construction Services, Inc. (WLCCS) has had the opportunity to work closely with on a variety of educational projects.

Over the past ten years, Mr. Adams has acted in the capacity of Project Inspector of a number of projects for the Victor Elementary School District. We have found Carl to possess extensive experience in renovation/restoration projects, modular classroom building placement as well as new construction. As a "project team", Mr. Adams and WLCCS have been successful completing a variety of projects ranging from \$100k to over 17 million in value, all within schedule. Although Mr. Adams is diligent in his inspection and adherence to the code, we have found him to also understand the importance of insuring a timely, efficient project completion.

Mr. Adams maintains the ability to work well with a variety of different parties, personalities and concerns. He is a firm, yet fair inspector, and is unwavering in his commitment to protecting the District's interest.

Without hesitation, we would strongly recommend you consider Mr. Carl Adams for any future DSA inspection related services you may require.

Sincerely,

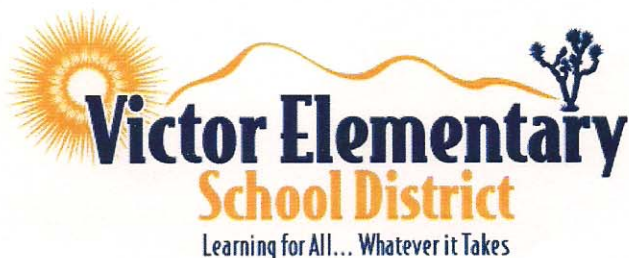

JONATHAN CLARKE
